Dominion Atlantic Railway in Nova Scotia Now Forms a Link in Great Canadian Transcontinental System

HALIFAX PEOPLE  
ARE MUCH PLEASSED

Expect Substantial Benefits to Their City From Direct Connection With Big Railway—May Get J. P. R. Hotel

HALIFAX, May 13.—The chief topic of conversation in Halifax today was the passing of the Dominion Atlantic Railway into the possession of the Canadian Pacific.

Mayor J. A. Chisholm, of Halifax, speaking of this, said: "This should be pleasant news to the people of Nova Scotia, and more particularly to the people of the counties through which the D.A.R. runs."

"The acquisition of this railway by the larger corporation should mean much for Halifax. For the first time in the history of the country it puts this city in direct touch with a transcontinental railway system, and makes this port the eastern terminus of the greatest railway undertaking in the world."

"No doubt the chain of hotels for which the C.P.R. is so famous will be enlarged so as to include two or more hotels in Nova Scotia, and a large tourist travel will be developed. The outcome of the agitation to bring the C.P.R. to Halifax should give general satisfaction."

## FALLS TO DEATH

Rancher in Arrow Lake District Killed by Wagon 'Dropping Over Precipice

NAKUSP, May 13.—The news that just reached Nakusp that Mr. Frank Jordan, brother of the postmaster merchant and president of the board of trade here, N. V. Jordan, has lost his life near Edgewood, fifty miles south of Nakusp.

On Tuesday the deceased was in this town procuring supplies for the Jordan ranch at Fire Valley, leaving that day for home on the south bound steamer. Reaching Edgewood he walked some miles to Fire Valley, and early next morning hitched up his team to drive to Edgewood to draw in his supplies to the farm. At one place the road follows a very narrow, almost perpendicular stretch, with a high embankment above and a raging creek below, which forms into a waterfall of nearly two hundred feet in depth.

It seems that a small landslide had fallen down the embankment from above, narrowing the already limited roadway, causing the hind wheels of the passing wagon to slip over the precipice below, taking with it the wagon box and the unfortunate driver into the raging torrent below.

The team with the front wheels ran along to Edgewood driverless, when a search was immediately begun, and the marks of the catastrophe were plainly visible. There was absolutely no chance of saving his life, and the body is yet undiscovered.

Deceased was about 35 years old, married, and had lived in Seattle. He was well known along the Arrow lakes.

## Killed by Live Wire

SUDBURY, Ont., May 13.—Frank Silver, son of H. V. Silver, superintendent of Protestant schools, Montreal, was killed this morning by a live wire at the Garson Mine, near here. He was twenty years old.

## Empress Breaks Record

MONTREAL, May 13.—The Empress of Britain, the Canadian Pacific Railway Co.'s first Empress from the St. Lawrence this year, which sailed from Quebec May 8th, has started the season by lowering the record held by her sister ship, the Empress of Ireland, over the Cape Race route, by one hour and a half. The Empress of Britain arrived at Liverpool today (Friday) at 3.30 p.m.

## HULL DISASTER

Coroner's Jury Condemns Explosives Company for Want of Precautions

OTTAWA, May 13.—The inquest on the victims of the explosion at the General Explosive Company's works at Hull on Sunday was continued tonight. The enquiry was held upon one victim, Antoine Servant, and the verdict was that "he came to his death as a result of being struck by a stone hurled by an explosion of viritie at the magazine of the General Explosive Company, of Montreal, Ltd., at Hull. Without holding the said company criminally responsible, with every precaution of safety in storing a quantity of detonators in close proximity to their magazine, and also in not having a regular watchman on the premises; and we recommend the government of this province to make such amendments to the law as will secure the greatest safety to the public, and that in no case shall factories or stores be allowed within cities, towns or villages."

The manager of the works, A. E. Lesueur, stated that all the buildings were sheathed with metallic siding and roofing, with every precaution taken against fire. Five water barrels were also always full of water. The detonators were stored 15 feet from the magazine. There were about 12,000 caps in store, amounting to about 20 pounds of fulminate of mercury.

The manager described how he had shown that the viritie could not possibly be accidentally discharged at the hearing before Judge Rochon, when the city of Hull tried to have the works removed. He stated that the fire might have been first started by some Swedish matches which he had in a drawer in his office. He thought the fire must have set these off by nibbling them. He thought the first explosion was caused in the mixing house.

The watchman stated that he was not on the premises when the fire occurred. He had not been smoking in any of the buildings on the fatal day. The foreman said the fire burned twenty-five minutes before the magazine blew up.

## Incorporated at Ottawa

OTTAWA, May 13.—Incorporation has been granted by the State Department to the Dominion Estate and Mining Investment Co., capitalized at \$200,000. The incorporators include G. D. Kelly, assayer; J. J. Anderson, and others, all of Cobalt. The Vancouver Prince Rupert Ranching Co. of Vancouver has been incorporated with a capital of \$300,000. Other companies incorporated during the week were: The Waukesha Pulp Co., capital \$100,000, and the Canadian Realty Co., Montreal, capitalized at \$1,000,000.

ARE IN TROUBLE  
WITH CUSTOMS

Former Governor of New Hampshire, His Wife and Son Arrested on Charge of Conspiring to Smuggle

NEW YORK, May 13.—Frank W. Rollins, former governor of New Hampshire, and now a banker, with Boston office, his wife Catherine, and his son, Douglas, were charged today in the sworn statement of a customs officer with conspiring to "smuggle into the United States wearing apparel and jewels without paying duty legally due thereon."

Mr. Rollins and his son were arraigned late this afternoon before a federal commissioner and released in \$2,000 bail. Neither would talk for publication.

Mrs. Rollins was so prostrated that she took to her bed in a hotel immediately on landing from the Lusitania, and her presence was not required today before the commissioner. She will answer to the charges against her as soon as she has recovered.

The Rollinses were first-class passengers on the Lusitania, which arrived here today from Liverpool. They brought nine trunks, on which Mr. Rollins declared only a woman's fur jacket, valued at \$800. The examination of their baggage had been only partly completed when Inspector Cassidy stepped to the desk of Deputy Collector Rasiewicz and whispered something in his ear. The deputy collector thereupon summoned Mr. Rollins to him and said: "It is my duty at this point to advise you that anything which is dutiable and which you fail to declare may be seized and that arrest can follow any action reasonably to be construed as attempted smuggling. Any statement you care to make now, supplemental to your declaration, I am willing to accept. It might be well for you to talk with your family and find out if there is anything they have failed to declare. I am telling you this because I do not want to do you an injustice."

Mr. Rollins bowed and consulted with his wife and son. When he returned he said according to the customs officers, that his wife had omitted inadvertently to declare a cheap necklace, a bracelet, three gowns, two suits and minor sundries.

Bail was furnished by a surety company, and a further hearing was set for one week from today.

Frank West Rollins was governor of New Hampshire from 1899 to 1901, and is the author of "The Ring in the Cliff." "What can a young man do," and other books. His home is at Concord, N. H.

Foxhall Keene, who was also a passenger today on the Lusitania, was notified by inspectors that he had failed to declare wearing apparel brought from England valued to be worth \$300. Mr. Keene said the omission was an oversight, and that he would be glad to pay the 60 per cent. duty. His explanation was accepted.

PUEBLO INDIANS  
IN REBELLION

Long Accustomed to Self-Government, They Resent Action of Territorial Court in Arresting Some of Tribe

THREATEN LIVES  
OF WHITE RANCHERS

Cut Telegraph and Telephone Wires—Soldiers Hurried to Scene of Trouble from Santa Fe in Special Train

EAST LAS VEGAS, N.M., May 13.—An uprising of serious proportions has broken out among the Pueblo Indians at Taos, seventy miles northwest, and tonight troops are hurrying by special train from Santa Fe to check a possible massacre of white ranchers.

The Indians have cut all telephone and telegraph wires, but reports indicate that the depredations have been confined to an attack upon the wife and children of L. Myers, a homesteader, the cutting of fences and the theft of horses and cattle.

The uprising of the Pueblos, who for years have been peaceful, is believed to have been caused by the punishment of Pueblos by territorial officers.

For years the Pueblos have governed themselves, electing their own chiefs and village councillors, who tried and punished malefactors of the tribe without appeal to the territorial officers. Several months ago an Indian who had been imprisoned by an Indian officer appealed to the territorial courts, and the Indian chief and the councillors of the village were put in jail. Since then the Indians have been unruly.

## Theft of Jewelry

TORONTO, May 13.—Incessant work for three days and two nights on the part of the whole of Toronto's detective force was rewarded today by the capture and arrest of three men in connection with the alleged theft of \$3,000 worth of jewelry, the property of Mrs. S. H. McCoy, of St. Catharines. All the jewels with the exception of a few of the settings have been recovered. The men under arrest are Andrew Hepburn, a chauffeur, who has been living at 45 Jarvis street, charged with the theft of the jewelry; Gibson A. Shannon, ex-policeman, who has been living at 492 Church street, with receiving stolen property, and Henry Crombie, of 54 Winchester street, a clerk, also charged with receiving. The rings, which were in a silver mesh chateleine, were lost by Mrs. McCoy on Friday evening, April 29.

## SENTENCED TO DEATH

Jury Finds McLaughlin Guilty—July 13th is Fixed as Date of Execution

WHITBY, Ont., May 13.—A verdict of guilty was returned at 5.32 p. m. in the case of Archie McLaughlin, of Uxbridge, charged with murdering his wife and two children on Friday, October 29th, last.

Mr. Justice Teetzel at once sentenced McLaughlin to be hanged in Whitby jail on July 13th.

Friday would appear to have been a fatal day for him. The tragedy occurred on a Friday. The three days' trial ended on a Friday, with swift justice, and there are but sixty days from this to another thirteenth for the final scene in the awful drama.

The jury were one hour and a half finding him guilty.

AVIATOR MEETS  
TRAGIC DEATH

Michelin Loses Control of Machine While Competing in Race and Is Struck by Overturned Derrick

LYONS, May 13.—Chauvette Michelin, a young Frenchman, met a tragic death here today while competing in the races of an aviation meeting.

Shortly after leaving the ground in an Antoinette monoplane, Michelin seemed to lose control of the machine, which bumped into a telephone booth and then knocked over a derrick, which struck the aviator, crushing his skull.

When the spectators saw what had happened they wrecked the barriers which were built to keep the crowds from the aviation field, and rushed to the spot where the monoplane was lying.

Michelin was still in the seat of the machine. He was quickly taken to a hospital, where his skull was trepanned. He died shortly after the operation.

Michelin was only 23 years old. To an assistant who wished him good luck as he rose today, the young aviator said: "No more aviation for me after this meeting. I have had enough."

## TO OFFSET FIGHT

New York Evangelists Plan to Begin Crusade at San Francisco Before Fistic Encounter

NEW YORK, May 13.—The proposed evangelistic crusade to offset what members of the clergy style the brutalizing influence of the Jeffries and Johnson fight is taking form. Two New York preachers have accepted invitations to go to San Francisco and hold revival meetings as counter attractions to the big fight. They are the Rev. John Emsley Hall, one of the originators of the crusade, and the Rev. John Callahan.

Mr. Callahan is a mission worker. The Rev. Wm. A. Sunday, of Chicago, best known as "Billy" Sunday, the baseball evangelist, will also go to San Francisco to aid in the work, it was said here.

The evangelists will begin their work several days before the fight. New York business men who are opposed to the contest, have subscribed funds to pay the necessary preachers' expenses.

## More Wool Duty Asked

OTTAWA, May 13.—Representatives of the Canadian wool-raising industry, headed by Mr. Smith, M. P. for North Middlesex, had an interview yesterday with the minister of customs, in which they pointed out that protection on wool is absolutely necessary to the success of sheep raising in Canada. The subject was discussed at length in the presence of representatives of the woolen manufacturers, among them Mr. Thoburn, M. P. for North Lanark, who intimated that they would have no objection to a protective duty of 5 cents per pound on wool, as suggested, providing a corresponding tariff allowance was made to the manufacturers, who already are hard pressed.

## Newfoundland Fisheries

LONDON, May 13.—In an interview Sir Edward Morris, premier of Newfoundland, declared that there was a great fortune in the Newfoundland fisheries for any one who would organize a cold storage system between Newfoundland and the United States.

## Minnehaha Again Afloat

PENZANCE, Eng., May 13.—The Atlantic Transport steamer Minnehaha, which was floated last Wednesday after being aground three weeks off Houghton, in the Scilly Islands, today safely passed Mounts Bay bound for Plymouth. The vessel was escorted by seven salvage steamers and tugs.

WORK STARTED  
ON LAST LINK

Construction of Section of Transcontinental Railway Between Nepigon and Abitibi Is Now in Progress

OTTAWA, May 13.—The Transcontinental Railway Commission has been advised that work has been started on the last link of the eastern section, between Nepigon and Abitibi. The delay was due to the difficulty in getting plant and supplies in. Before a start could be made conveniently it was necessary to advance construction to that point.

It was stated today at the commission meeting that all of the steel on the eastern section will be down by the end of next year, but that the work will not be completed until 1912. The line between Winnipeg and Superior Junction will be in regular operation this fall.

## Coming From Britain

LONDON, May 13.—Four of the principal shipping companies in Liverpool have booked 19,770 agriculturists and artisans for Canada and the United States during the past fortnight, compared with 14,500 for the corresponding period last year.

## Western Canada Church Work

LONDON, May 13.—The archbishop's Western Canada fund now amounts to £19,999, three thousand pounds of which has been granted for railway mission work in the diocese of Qu'Appelle, under Rev. D. E. Ellison, and one thousand pounds to the Bishop of Athabasca for the purchase of mission sites.

## Only 25 Per Cent Taken

LONDON, May 13.—The King's death prevented the full success of the new Dominion government issue of \$25,000,000, subscriptions for which closed at the Bank of Montreal today. It is understood that the public subscriptions amounted to about 25 per cent, but as the whole loan was underwritten, Mr. Fielding may congratulate himself on securing for Canada the full amount of the loan on the terms secured.

## Fisheries Arbitration

OTTAWA, May 13.—Geo. Simpson, of the Commons Hansard staff, Mrs. Simpson, and Miss Ida Boyce, also of the staff, left today for The Hague. Mr. Simpson and Mrs. Simpson will make a stenographic report for the Canadian counsel in the fisheries case. Expert stenographers will also be employed by the American side. R. Venning, chief clerk of the fisheries branch of the marine department, was an authority on all matters connected with international fishery treaties and regulations, will leave on the 20th for The Hague to act in an advisory capacity to the Canadian counsel.

CONTROVERSIAL  
FIRE IS RAGING

Proposal to Make Changes in King's Declaration Gives Rise to Warm Language—Political Element Mixed In

CHURCH ASSOCIATION  
EXTREMELY HOSTILE

Church Union Favors Elimination of Phrases Offensive to Catholics—Late Lord Salisbury Quoted in Support

LONDON, May 13.—The controversy over the accession declaration is increasing in heat, but its maximum temperature has not yet been reached. The various Protestant societies in the United Kingdom, the number of which is surprising, are actively working on their armor, eager for the clamor and dust of the polemic lists.

The London council of United Protestant Societies, representing fifty-one of these associations, is holding a special meeting today to "consider the position," which is supplemented by declaring war "in utterance" against all attempts to tamper with the declaration. That there is a considerable amount of political bias in a section of the hostile throng is manifested in many directions.

The chairman of the Church Association, embracing the established churches in which conservatism in the matter of religious conviction is extreme, has addressed a letter to the press attacking John Redmond as the author of the letter to the Prime Minister. He says: "John Redmond carries his dictatorship beyond the bounds of decency. He is the remains of our late beloved King could be laid in their coffin he has the audacity to announce that his claim on Mr. Asquith is nothing less than that the bill of rights and the act of settlement, the foundations of the British constitution, shall be repudiated as so much waste paper and deliberately annulled on the advice of the Prime Minister. This is but a sample of the contempt for and hatred of the free institutions of this country, which are manifested by the paid agents of the priest party, whose war chest is replenished by Irish-American sympathy. A lawyer of Mr. Asquith's eminence, however much he might wish a change made in the law, would necessarily recoil at the suggestion of such a flagrant act of treacherous disloyalty as Mr. Redmond dares to suggest."

The secretary of the same body seems to be impressed by the mildness of the terms of the declaration. He says that in the Scottish coronation oath, in which the sovereign swears to maintain the Presbyterian confession of faith in Scotland, the affirmations concerning the Pope and Romanism are much stronger than the English declaration. "King George has already taken this oath," adds the secretary. "The Scots are canny, and insist upon the King taking their oath even before he meets the privy council."

The English Church union, which stands in the same relation to the ritualistic section of the Church of England as the Church Association does to the evangelicals, takes a different view. The union intends to use all its influence to get the declaration reasonably amended, so that it holds the King is not a gentleman and his word of honor is not to be regarded. Catholics quote approvingly the utterances of British Protestant statesmen who have tried to remove what the late Lord Salisbury described as a stain on the statute book. Lord Salisbury declared that apart from the declaration being most offensive to all Catholics, the "staunch loyalty of so many Catholic subjects in Canada, comprising about 43 per cent of the entire population of the Dominion, should exempt them from any such offensive reference."

## Colonial Courts

LONDON, May 13.—The plan for the colonial courts in the Crystal Palace in connection with the festival of Empire have been opened.

## Chiefs of Police

BIRMINGHAM, Ala., May 13.—The annual convention of the International Association of Chiefs of Police ended today. These officers were chosen: President, Richard Sylvester, Washington (re-elected); secretary, and treasurer, Harvey O. Carr, of Grand Rapids. The next meeting will be held in Rochester.

## Senator Clark Sells

NEW YORK, May 13.—It was stated here today on good authority that the papers transferring the Senator Clark copper properties to the Amalgamated Copper Company would be signed within a day or two. The property which it is stated will be transferred consists of all the copper mines in Butte and the Butte reduction works, where the Clark ores have been treated.

## Politician Takes His Life

MINNEAPOLIS, May 13.—Former Judge J. R. Corrigan, aged 50 years, a prominent politician, committed suicide today in the offices of Dr. G. H. Huntington, in the Donaldson building. Judge Corrigan was a friend of W. J. Bryan, and had been delegate to several of the party's national conventions. He was once pro-bate judge of this county. No motive is known for the act.

## GULF ISLANDS ARE RICH IN FRUIT

Trees This Spring Give Promise of a Bountiful Harvest Says W. E. Scott, Deputy Minister of Agriculture

Mr. W. E. Scott, Deputy Minister of Agriculture, has recently returned from the Gulf Islands, where he reports the outlook as very promising for a record yield of fruit. The trees, said he to Colonist interviewer, are laden with blossoms and are looking particularly healthy, and provided orchardists will thoroughly cultivate and trim the fruits good returns should be made this year.

The spring has been a very dry one, says Mr. Scott, and rain would be welcome at the present time. Cultivation in order to conserve the moisture in the soil will be particularly necessary this year, and also systematic thinning in order to secure good marketable fruit. There has been practically no damage from the spring frosts. "Vancouver Island and Gulf Islands are particularly adapted to fruit cultivation, especially pears and preserving cherries. What is wanted is the adoption of a more scientific and up-to-date method in cultural operations in the interior of the province, fruit growing is a specialty, whilst here it is in the great majority of cases—a side-line in mixed farming, and in such cases it is generally the orchard that goes to the wall.

"Given the same care and attention that are bestowed on orchards in the interior valleys, just as good results can be secured.

### Scenic Beauty

"The scenic beauty of the Gulf Islands can surely be excelled. As one winds in and out among these verdure-clothed beauty spots, with stately cedars drooping their branches over the blue, sparkling water—the dogwood trees showing their wealth of pure white blossoms amongst the dark green of the pines—and the red bark of the arbutus mingling with the brilliant green of that king of ornamental trees, the maple, one realizes that here is a country which has been richly endowed by a bountiful Providence."

"The geographical position of these Gulf Islands is very favorable, situated as they are about equidistant from the cities of Vancouver, Victoria and Nanaimo, with steamship connection with all three places. Salt Spring, the largest of the Gulf Islands, has a population of about one thousand, dairying, mixed farming, poultry raising and fruit growing being engaged in very successfully. There is an up-to-date co-operative creamery at Ganges which has been in operation for the past eight years and which has proven a great boon to the dairymen of the islands.

"A present conspicuous necessity is a good hotel at a favorable spot on Salt Spring or some other of the neighboring islands, which would be of much convenience to and swell the number of tourists and others who with certainty of comfortable accommodation would undoubtedly flock to the islands, attracted by their unrivalled scenic beauty, the delightful rides and drives, and the exceptional opportunities afforded for boating, bathing, shooting and fishing in both lake and sea.

"With an ideal climate and all these attractions, these beautiful islands are destined to take their place as among the most favorable residential portions of this fair province."

## MOURNING PRESCRIBED IN EXTRA GAZETTE

Court Mourning Lasts Until May 6th, 1911—Public to Wear Mourning Until After May 12th

An extra of the British Columbia Gazette issued with turned rules yesterday afternoon contains the following official repetition of a dispatch from the Colonial Secretary to His Excellency the Governor-General in respect to the prescribed court mourning for a period of one year and general public mourning, while also confirming the unofficial announcements that the funeral of his late majesty King Edward VII. will take place on Friday next, the 20th instant.

Ottawa, May 12th, 1910, To His Honor the Lieutenant-Governor, Victoria:

"Court mourning will last until May 6th, 1911. It is expected that the public will wear decent mourning from May 12th. Duration not fixed yet. King Edward's funeral will take place on morning of May 20th."

Kindly give publicity to above in your province. (Signed) CHARLES MURPHY, Secretary of State.

The Gazette Extra also contains the proclamation of Friday, the 20th inst., as a day of general mourning throughout British Columbia, as it will be elsewhere throughout the Empire, in these terms:

"Whereas Friday, the 20th day of May, has been fixed for the obsequies of his late majesty, King Edward the Seventh; and, whereas, the said day has, by His Excellency the Governor-General, been proclaimed as a day of mourning, to be observed by all persons throughout the Dominion of Canada; and, whereas, it is considered advisable to appoint by proclamation, the said 20th of May as a public holiday; "Now, therefore, we have thought fit, by and with the advice of Our Executive Council, to appoint the 20th day of May instant to be a public holiday, to be observed as a day of general mourning within Our Province of British Columbia."

## DRAFT OF STATIONS

Report Submitted by Committee to Methodist Conference at Nelson

## CAPTAIN WOLLEY TO GIVE ADDRESS

Army and Navy Will Be Invited to Attend Public Memorial Service in Parliament Square

The army, navy and militia forces stationed in the city are being invited to attend the memorial service to be held in Parliament Square on the day of the King's funeral. It is anticipated that the band of the Fifth Regiment will be in attendance and will render the music in connection with the ceremony.

The memorial address will be delivered by Captain Clive Phillips Wolley and all the ministers of different denominations will be asked to attend and take part in so far as time is available. The time of the service has been tentatively arranged for 3 p.m. The Lieutenant-Governor, the heads of the government and the civic authorities will all be present.

### LABOR PREMIER

Australia's New First Minister Is Recipient of Remarkable Demonstrations.

MELBOURNE, May 13.—Mr. Andrew Fisher, the new Labor Premier of the Australian commonwealth, has arrived here after a triumphal progress all the way from Brisbane, being almost mobbed by his admirers at every stopping place.

Great crowds awaited Mr. Fisher's arrival at the railway station here, and the scene was one of wild enthusiasm. When the new Premier arrived at the great exhibition building somewhat later the demonstration by masses of enthusiastic workers was repeated.

Mr. Fisher has exhibited remarkable self-restraint under unparalleled conditions. His speeches, while reassuring nervous interests, are uncompromising as regards the land tax and the financial supremacy of the national parliament.

The opinion is strongly held in Victoria that the Fisher ministry intend to pass a law granting to the different Australian states an annual sum of about \$25,000,000 for ten years from December next.

The Melbourne eight hours demonstration has been converted by the masses into a vast popular rejoicing over the Labor triumph at the federal polls.

A procession of the different trades, a mile long, numbering 200,000 persons, passed through the city cheering all the way.

Necklace's Adventure

Lost by French Marquise and Much Despised by People to Whom It Went.

PARIS, May 13.—A marquise—a member of a prominent aristocratic family—who had been stopping for a few days at a hotel in the Rue de la Paix, discovered that her pearl necklace, worth \$15,000, had disappeared from her room.

Suspicion fell on a messenger boy, Alfred Paul, who admitted his guilt to the police, but declared that the necklace had been taken from him by his mother. The mother corroborated her son's statement, while expressing astonishment that so much trouble should be made about "a trashy little trinket."

The necklace was no longer in her possession, and Mme. Paul explained that it looked so cheap and tawdry that she had given it to her daughter-in-law, who resides in the Rue Secreteran.

Mme. Paul junior displayed an equal contempt for the "string of glass beads." She told the police that she had given the necklace to her little girl to wear, but as it was much too wide she had removed about half the beads.

All the missing pearls were found in a box among buttons and hooks and eyes. The marquise was so delighted at the recovery of her treasure that she decided not to prosecute the Paul family.

## ASKS GRANT FROM LOCAL GOVERNMENT

Representative from Stewart Seeks Money for Sewerage, Sidewalks and Street Improvements for Mining Town

Mr. Harry Smith, representing the citizens of Stewart, British Columbia's new city at the head of Portland Canal, yesterday waited upon Premier McBride to present and support the request of his fellow citizens for a grant of \$30,000—\$20,000 to be devoted to sewerage and other necessary works of sanitation and \$10,000 for the construction of sidewalks and street improvements. Mr. J. Fred Ritchie, the Government engineer, who has just returned from Stewart, was absent from the interview by Hon. Mr. McBride's request. It is expected that the decision of the Government will be announced at an early date.

### A Physiological Freak

MILAN, May 13.—Dino Taccomoni, a young shoemaker living at Poggiosioni, near Siena, appeared at the latter place a few days ago to undergo medical inspection for military conscription. The doctors in attendance made the astounding discovery that Dino has his heart on the right side, his liver on the left. Such a case of situs inversus is very rare. A specialist summoned to the consultation, however, says that though this right-hearted phenomenon wears his heart on the wrong side, there is no reason why he should not be a long liver, as the digestive apparatus is quite normal in its action. Taccomoni is to be studied by a commission of physiological experts.

### General's Son an Apache

PARIS, May 13.—Among three accused apache sailors who were judged on Saturday last by the naval court-martial for assisting another sailor and snubbing him with a knife to steal a bottle of wine, was Claude Sauret, the son of General Sauret, chief of staff of the military governor of Paris.

General Sauret gave evidence before the court. The old soldier, who was deady pale, said that he felt it was his duty to defend his son. Since his son met with an accident, the doctors had recognized that he was not responsible for his actions. The general, with tears in his eyes, made an appeal to the military judges, who, however, sentenced Sauret to six years' imprisonment. His two co-accused got only one year and the benefit of the first offenders' law.

### Services at Edmonton.

EDMONTON, May 13.—Details have been completed for a monster parade here on the day of King Edward's funeral. All the military, including 55 soldiers, and 2,500 school children, will be in line, and a special memorial service will be held at which a huge orchestra and chorus will assist. Local Daughters of the Empire have received a wire from Queen Alexandra thanking them for offers of condolence.

### Freight Rates on Lumber

OTTAWA, May 13.—The board of railway commissioners issued an order in connection with the application of the Canadian Lumbermen's Association for disallowance of the lumber tariff of the C. P. R., G. T. R. and Canadian Northern. The application was dismissed so far as the rates for lumber for domestic use is concerned. The railways, however, have been ordered to file by June 15th a new tariff on lumber for export, which in general is to be lower than that now in effect.

### Train Robbers Captured

PHOENIX, Arizona, May 13.—Sheriff Carl Hayden and a posse arrived here today with the Maricopa train robbers. Ernest Woodson, the youngest, emerged from an array of which they were hidden near the Yikol mine when Hayden's automobile appeared. He demanded water, and was told that he was under arrest. The youth was so famished that he paid no heed, only appealing for water again and again, and drinking almost a gallon. He and his brother, Oscar, both in their teens, were too weak after their eighty mile desert ride to make a fight.

### MR. HEINZE ACQUITTED

NEW YORK, May 13.—F. Augustus Heinze was acquitted of charges of misapplying the funds of the Mercantile National bank while he was president of the institution in 1907. The jury cleared of the charge of over-certifying the cheques of his brother's firm, Otto Heinze & Co. A jury in the criminal branch in the United States Circuit Court, after a trial lasting nearly three weeks decided so tonight, and he was discharged.

This foiled the federal government's attempt to hold Heinze responsible for alleged sky rocket financing during the panic of three years ago. In violation of the national banking laws.

Prosecutor Wise announced today that the cases against F. Augustus Heinze acquitted last night on charges of having violated federal banking laws have not yet been ended.

Wise declared that he intends to prosecute F. Augustus Heinze and Otto Heinze as well as Sanford Robinson and Carlos Winfield on charges of having spirited away the books of the United Copper Company. Heinze said today that he is through with Wall street, and will go back to Montana to develop his copper properties. He claimed that his legal troubles cost him \$5,000,000 in attorneys' fees and in depreciated values.

SYDNEY, N. S., May 13.—The Harbor Breton, Newfoundland, fishing schooner Escecla, which arrived in port last night, reported the loss of her crew. Peter Menzies, a fisherman, and Isaac Redout of Garsshore Portune on Tuesday on Quercy bank. Menzies and Redout left the vessel that morning to attend to their trawls, but the heavy fog shut down and they were unable to find their vessel when they set out to return. Captain Lewis cruised around in the neighborhood for a couple of days but could find no trace of the men. Although there is a chance that they were picked up by some other vessel it is feared that both men have perished from cold and exposure.

## None So Good

You cannot duplicate the value we are giving in 20th Century Clothing in any other brand of attire. There's no question about the fabrics, for they are the best the looms of England and Scotland turn out. Style is the newest and most exclusive. Tailoring of the highest class. Price exceedingly reasonable.

## Twentieth Century Suits \$15 to \$35

HATS.—In headwear we are showing an exceptionally "classy" line for young men. All the smartest ideas in summer felts, Boaters, etc. Genuine Panama Hats from \$5.00 up. We clean, re-trim and block Panamas on the premises.

## VISITORS WIN DEBATING CONTEST

University of Washington Defeat Victoria Law Students in Argument on Free Trade vs. Protection

Superior arguments in debate won the international contest for the University of Washington representatives in their meeting with the Victoria law students at the College Library last evening. His Honor Judge Lampman presided, the judges of the event being the Rev. E. G. Miller, the Hon. D. M. Eberts and Mr. W. Blakemore.

The Seattle University was represented by Messrs. Hoover and Chamberlain, the Victoria students being Mr. D. S. Tait and Mr. J. E. Sears, the pair who won the contest last year for this city. The subject of debate was: "Resolved that free trade would be more beneficial to the United States than a system of protective tariff." The visitors chose the affirmative, the local representatives replying in favor of protection. The argument was keenly fought out under international debating rules, twenty-one minutes being allowed to each speaker, and seven minutes for a reply.

In the summing up of the judges it developed that the delivery on either side was equal, but the University representatives were held to have advanced better arguments and were awarded the contest.

Lieutenant-Governor Paterson has promised to donate a shield as an award, and this will be held by the University of Washington for the current year.

The visitors were entertained to a supper at the Fiddle Dog last evening and today will be taken for a launch ride as far as Sooke River.

## NO CELEBRATIONS ON VICTORIA DAY

This Month's Festivities Abandoned by Citizen's Committee—Indians' Tribute to the Late King

All Victoria Day celebrations of an official nature have been abandoned.

In reaching this decision last night members of the Citizens' Committee were influenced not only by their own conception of what was right and proper, but by the sentiment evinced in the postponement of the Empire Day festivities in Great Britain and, more than everything else, by the sturdy loyalty and the blunt but sincere feeling displayed by the Indians who were to have participated in the Victoria Day regatta.

"What! Race when the King, our best friend, is just dead?" exclaimed one of the natives when asked by Secretary McCallum whether his fellows could be depended on to participate in the regatta of May 24th in the event of it being decided to hold it as arranged. The idea of celebrating within a few days of the funeral of King Edward VII. was abhorrent to the mind of the Indian. Those who had entered races united in protest. As the regatta's feature is the Indian competitions, and, doubtless, because of the striking evidence of the respect, reverence and even love of the natives towards their "great King beyond the seas," the committee concluded that it was desirable to call the festivities off and to proceed to undo all that has been done in preparation.

"That the Victoria Day celebrations in Victoria be abandoned out of respect to the memory of the late King Edward VII." was the resolution that was submitted and was carried unanimously.

With regard to the subscriptions which have been received from citizens it was decided to return them forthwith. Any expense that has been incurred will be paid out of the appropriation made by the city.

## PROMPT PAYMENT OF TAXES DUE

Prosperous State of British Columbia Indicated by the Number of Voluntary Payments

No better indication of the conditions of general prosperity prevailing throughout British Columbia could possibly be asked for or desired than is found in the readiness with which Provincial taxes are this year being paid—even before the expiry of the prompt payment period entitling the contributors to revenue to enjoy the benefit of the twenty-five per cent. discount, which this year equalizes the 1910 reductions in taxation. (Almost as soon as tax notices were sent this year checks in liquidation began to come in to the assessor's offices. Taxpayers have until the 30th of June in which to secure the discount, yet almost immediate payment upon receipt of the assessment notices has been the policy of numerous large corporations, banks, and large private property owners.

As a result, February's voluntary tax remittances were more than one third in excess of those of the corresponding month of 1909; those of March last more than doubled those of the last previous March; while April showed an almost equally heavy advance. On present indications the prompt payment of tax receipts this year and more especially during June—will be far and away the heaviest in any year in British Columbia's history.

## LEAKAGE IN CITY CREOSOTE TANK

Engineer Recommends That Repairs Be Effected by a Steel Lining at a Cost of \$600.

The fact that the city's creosote tank at the foot of Telegraph street is leaking, and that as a result, the danger of fire in connection with it has largely increased, developed at the weekly meeting of the streets, bridges and sewers committee last night. City Engineer Smith presented a report asking that a steel lining should be placed in the tank to remedy its defects, the same to cost \$600. He stated that the tank held some 16,000 gallons of creosote, and that when full the daily leakage amounted to some 80 gallons. To guard against this leakage the oil was pumped into the upper tank as rapidly as possible. The question of the best material to line the tank with aroused some discussion. The matter was finally left in the engineer's hand, and the tank will be repaired as speedily as possible.

But little of interest developed at the meeting. It was finally decided that the sewerage system should be carried through Richmond avenue to Rockland avenue, the owners paying the cost and being refunded out of the next sewerage loan, which the city raises.

The question of flushing the streets for cleansing purposes, during the night time, arose, the city engineer stating that this was being carried out in the business section.

### To Widen Sidewalks

It was decided to widen the sidewalks on Douglas street from Humboldt to Piquard street to 20 feet. They are now 16 feet or less, and the increase in width will make them the best sidewalks in the city. Ald. Raymond in supporting the suggestion, which emanated from the city engineer, stated that there was far more congestion on the sidewalks than in the roadways of the city. The mayor thought that 16 foot sidewalks were sufficiently wide, as it was wise to allow as much room as possible for vehicular traffic on account of the way the car lines ran. The question of widening the lower portion of Yates street from Broad to Government to provide more space by the time the Esquimalt and Gorge cars would be running round that way was discussed briefly, nothing being done in the matter.

## TO USE GARAGE AS TEMPORARY OFFICE

Government to Retain One Building for the Present—Trees and Shrubbery to Be Permitted to Remain

Plans are under preparation by the Provincial Government for the temporary adaptation of the premises on Government street until recently occupied by the Western Motor Co. as a garage, so that they may be used for the time being for the accommodation of various departments of the civil service whose present quarters are manifestly insufficient. It is the intention of the government to make the garage building as comfortable as well as serviceable as may be; while all the other structures standing upon the lands lately acquired for the completion of the parliament square will be sold at auction on the 7th proximo for immediate removal.

Pending further developments in the proposals the government intend to provide for additional permanent buildings on parliament square. It is most probable that the shrubbery and trees on the soon-to-be-vacant lots on Government and Superior streets will be allowed to remain, the latter being also preserved so that the general appearance of the block will be very distinctly benefited. The addition of so much open and beautiful space in the necessary interim before permanently building will obviously be appreciated by the Victoria public.

### A PIONEER PASSES

Late William Newbury a Familiar Figure Well Known to Old Victorians.

William Newbury, one of the oldest and best known of the dwindling group of pioneers, died yesterday at his home. His end was peaceful. Retiring Thursday night, seemingly in his usual health and spirits, Friday morning he failed to wake. Dr. Helmecken, summoned when the aged gentleman failed to answer his daughter's call, stated that death had taken place, of heart failure, several hours before dawn.

The late Mr. Newbury was born in Hauslope, Buckinghamshire, England, in 1837, coming via the isthmus of Panama to Victoria in 1862. Following his trade of harnessmaker, he opened a store in Yates street and only retired some fifteen years ago. He has been a familiar figure in the James Bay district, and, withal, most popular. A mechanical genius, he was ever ready to place his skill at the disposal of his neighbors. Floriculture was with him more than a hobby, and his dahlias have long been famous at the shows of cut flowers.

He took a keen interest in public affairs though of a retiring nature. He was one of the strong advocates of confederation in the early days of the colony. A fervid Britisher at heart he was a strong Imperialist.

He was very widely known in Victoria, and the news of his death will everywhere be received with regret. On every hand sympathy with the members of the family in the sudden and irreparable loss which they have sustained is being expressed. The late Mr. Newbury is survived by six children, his wife having died in 1888. The eldest son, John C. New-

## The Ingredients Used In NA-DRU-CO

Medicinal and Toilet Preparations are of the same high quality as those your druggist uses in filling your physician's prescriptions.

The National Drug and Chemical Company supplies the greater part of the drugs dispensed by the physicians and druggists of Canada, and it is probable that the ingredients used by your own druggist in his prescription work came from our warehouses.

From these same warehouses come the ingredients used by our expert chemists in compounding NA-DRU-CO preparations. Every ounce of material used in every NA-DRU-CO article is the best that our skilled buyers can select from the world's markets.

**We Can Afford**

to use only the very best materials because, buying in immense quantities for our wholesale trade, we get the best crude drugs at rock bottom prices. In our chemical laboratories these raw materials are refined and prepared by expert chemists and subjected to rigid tests both for strength and purity before being used in NA-DRU-CO preparations.

NA-DRU-CO Cod Liver Oil Compound, for instance, is made from the best of materials, by our expert chemists, and is consequently the most perfect tonic. NA-DRU-CO Nervozone is another striking example of the results our skilled chemists get from good ingredients.

**We Could Not Afford**

to use any but the finest and purest materials in each and every NA-DRU-CO preparation, because on the quality of each depends the future of the whole line. Linked together as they are by the NA-DRU-CO Trade Mark, a single article found unreliable would go far to destroy your confidence in all NA-DRU-CO goods.

Ask your druggist about the quality of the drugs we supply to him—about our facilities for compounding superior medicinal and toilet preparations—about our reliability.

Go a little further if you like, and ask your physician or your druggist what goes into NA-DRU-CO preparations. They can tell you, for we will furnish to any physician or druggist in Canada, on request, a full list of the ingredients in any NA-DRU-CO preparation.

**"Money Back"**

Furthermore, if any NA-DRU-CO article you buy does not entirely satisfy you, return it and your druggist will refund your money.

If your druggist has not the NA-DRU-CO article you want in stock he can get it for you within two days from our nearest wholesale branch.

**A Few NA-DRU-CO Favorites:**

Toilet: Complexion Cream Talcum Powder Tooth Paste Witch Hazel Cream	For Children: Baby's Tablets Sugar of Milk Dyspepsia & Indigestion: Dyspepsia Tablets	Ointment and Salves: Carbolic Salve Stainless Iodine Ointment (5 sizes) Pile Ointment	Tonics: Cod Liver Oil Compound, Tasteless, (2 sizes) Nervozone Cod Liver Oil Emulsion (2 sizes)

### THE SONGHEES RESERVE

Some months ago the Colonist published the statement that the Chief Commissioner of Lands would endeavor to bring about a settlement of the Songhees Reserve question by purchasing the rights of the Indians. This plan had met with the full approval of the Department of the Interior, and the local government thereupon empowered Mr. H. D. Helmcken to conduct negotiations with the Songhees. These negotiations have been in progress for some time, but have not yet reached a point when it is safe to say that a settlement is in sight.

The Colonist has been fully advised of the nature and progress of the negotiations; but has refrained from saying anything further on the subject for two reasons. One was that it seemed to the parties to the negotiations that it was desirable that no publicity should be given to them; and another was that we wished to prevent creating the impression that the question was about to be disposed of, as long as there was any chance for doubt on the point. We feared that by so doing persons might mislead in a business way. The evening paper has not exhibited the same restraint, but has printed on two evenings in succession statements to the effect that a settlement is in sight, and it alleges that the publication of this has had a very important effect upon the real estate market.

While we hope that its anticipations will prove correct, we regret to say that so far as the Indians are concerned the case is no nearer settlement than it has ever been. If the publicity given to an alleged state of facts does not interfere with the progress of negotiations, a settlement may be reached; but it is quite premature to say that one will be.

The negotiations were interrupted by the intrusion of some unauthorized individuals, and we very greatly fear that what has recently been published may have a very unfortunate effect. It is proper to add that none of the statements that have been made by the evening paper were given out by the Provincial Government, Mr. Helmcken, or anyone else entitled to speak for the parties to the negotiations.

The statements in our contemporary look like an attempt to make political capital out of a prospective settlement that might be brought about on the initiative of the local government, but with the full approval of the Indian Department.

### BRITISH COLUMBIA IN ENGLAND

We published yesterday morning a very interesting report from Mr. J. H. Turner, Agent-General of British Columbia. When Mr. Turner was first appointed to the office there was a good deal of doubt in the minds of many people as to the probability of the results justifying the expense. No one had any hesitation in looking upon Mr. Turner as in every way fit for the work to which he was assigned. He knew the Province as well as any other man in it. He had given many proofs of his faith in its future. He had been identified with its affairs in a large way publicly and privately, and he had the advantage of a knowledge of British people and British ways. The fear was that British Columbia was too far away and the difficulties attending settlement here seemed too serious to make it possible for any Agent-General to accomplish what he set out to do, and with the assistance that has from time to time been extended by the Provincial authorities he has been instrumental in developing an interest in British Columbia such as never has been taken in it before. This has been done in the face of the fact that the Dominion Government and the railway companies have been doing everything in their power to concentrate attention upon the Prairie Provinces. We take no objection to this course on their part, and mention it only to show one of the handicaps under which Mr. Turner labored.

Mr. Turner now dwells upon the importance of having an agricultural college and farm established in the Province. We may be sure that he has not made this recommendation without due consideration and without evidence that satisfies him of the necessity of such an institution. We find no difficulty in understanding why such an establishment would be useful. In the United Kingdom there must be many persons who would gladly send their boys to British Columbia, if they could be reasonably sure that they would find anything to

do after they came here; but who hesitate, and very wisely, about doing so, without something definite in view. In all the cities and towns of the Province there are fine young fellows working at day's labor simply because there is nothing else to which they can turn their hands. They will get along all right in the very great majority of cases, and we have no great amount of sympathy to waste on the young man who has to take off his coat and pick up a shovel in order to earn a living. If the right kind of stuff is in him, he will be none the worse for it. But that sort of thing is really not much of a prospect for a father to have in mind when he sends his son six thousand miles away to make his living. If he is a wise father, he will know that to send out a boy with some money and no experience and tell him to go into fruit-farming, for instance, would be a serious mistake. A young Englishman asked the Colonist a few days ago for an opinion on that point, and he was told that before he spent any of his father's money he ought to go to work on a fruit farm and learn something about the business. If fathers could send out their boys to an agricultural college here, where they would learn something practical about some one line of farming, at least, hundreds would avail themselves of such an opportunity, and the result would be that we would get the finest kind of settlers possible.

Just a word as to agricultural colleges and farm schools. Thirty years ago the disposition was to look upon these institutions as little more than well-meant humbugs; but they have proved their value. They are revolutionizing farming. They are converting it from a mere expenditure of labor to an intelligently prosecuted business. They have shown that it is no longer necessary for a man to spend all his life in getting experience which, when he has it, he is too old and too discouraged to utilize. We hope the Provincial Government will shortly see its way clear to establish a high class farm school with experimental farms in several parts of the Province.

### THE INDIAN FRONTIER

The announcement is made that the Indian government has made an arrangement with the Maharajah of Bhutan whereby he, for a monetary consideration, has agreed that in matters of policy he will be guided by the Viceroy. Bhutan lies directly north of Calcutta, and upon the Tibetan frontier. It is a small mountain state, having an area of 16,000 square miles, and a population of less than a quarter of a million. Its importance consists in the fact that it is a buffer state between China and India, and the right to control its affairs has suddenly become important because of the Chinese occupation of Tibet. Sikkim is another small state in the same vicinity, which will serve in keeping the frontier intact, but this is already under British control. The great border state is Nepal, which extends for 500 miles along the southern slope of the Himalayas. Its relations with Tibet have been somewhat close, but the people are not likely to take kindly to Chinese influence. The Nepalese number about 2,000,000. They are independent, but a British resident and a small force are stationed at the capital. The relations between Nepal and the Indian government are very satisfactory. The remainder of the India-Tibet frontier is comprised within Cashmir, but the British power is well established there. Bhutan was, as a matter of fact, regarded as the only weak point, and it has apparently now been fully looked after. While the relations between Britain and China are of the most friendly nature, it has been deemed wise to guard against all possible contingencies as far as they can be foreseen. The full significance of the Chinese occupation of Tibet is not clear to any one.

### A FOOD PROBLEM

During the past seventy years 100,000,000 people have been added to the population of the 1,700,000 square miles embraced in the thirteen states of central and western Europe. This does not include the hundreds of thousands who have emigrated. The increase is continuing. It is creating a very serious food problem. It is said that the acreage under crop is less in Great Britain, Scandinavia and northwestern Europe generally than it was in 1840, and that there has been no increase of any great amount in Germany. The numbers of the different kinds of live stock has on the whole increased, but not in proportion to the population.

The problem of feeding these multiplying millions is an exceedingly serious one, and can hardly fail to have a profound effect upon the policies of European governments. It will increase the dependence of the nations upon sea-borne commerce. Hence, unless a period of general disarmament can be brought about, it will necessitate the maintenance of increased navies. The question of food supply has not hitherto been taken much into account in forecasts of national plans; but it will soon be the most important factor in the case. It will be the dominant factor in international relations. Even half a century ago nations could contemplate war without taking into account the question of food for the people, but that must be thought of now, and thought of not only by the United Kingdom alone, as many of us have been inclined to believe, but by all the great European powers. Any-

thing that will prevent the free movement of food supplies across national frontiers will, before many years have passed, be looked upon as a crime. Here is something that is working for universal peace.

### A TRAVELED MONARCH

His Majesty George V. is the most widely traveled monarch that ever sat upon a throne. All other kings, emperors and rulers of every kind have been stay-at-homes as compared with him. He is the only reigning sovereign who has ever been in America, and we think the late king was the only other one to visit the western side of the Atlantic. He is the only European sovereign who has ever been in Africa or Asia, unless some of them may have touched at ports along the Mediterranean. He is the only sovereign, living or dead, that ever was in Australia. He has been six times in Canada, three times in India, and twice in Australia. There are not many first-class ports in the world and none under the British flag into which he has not sailed. He knows every capital in Europe. If travel is a training for the discharge of a monarch's duty, His Majesty has certainly graduated. These widely extended travels were undertaken from a sense of duty, and very largely by the advice of his father, who rightly held that the man who was to be the head of the British Empire ought to know that Empire as well as possible. It is a matter of no small importance that at a time when the Imperial idea is rapidly taking shape, the King should be a man as familiar with an Empire as any one of his subjects and lastly more so than most of them.

And now Camille Flammarion tells us that comets have really no tails and that we only think they have. The only thing certain on the point is that all theories as to the cause and nature of the so-called tails break down at some point.

The latest danger spot to be discovered is the gum side of postage stamps, which are said to be prolific in bacteria of all kinds. Moral: Never lick a postage stamp. It isn't necessary, anyway, for the same result can be obtained by licking the envelope.

The construction of a new ferry by the Great Northern for use between New Westminster and Sidney is an indication of the growth of business. Sidney, by the way, is becoming a more important point all the time. It is a thriving as well as beautiful place.

Good friends sometimes send us newspapers. We are always glad to get them, but the pleasure would be greater if the senders would indicate in some way why they are sent. A good way is to put on the wrapper the words "marked paper," and at the top of page 1 write "see page \_\_\_\_." Then mark the item on the page. No one in a newspaper office has time to go through a paper in the hope of discovering some reason why it has been sent in, and therefore the kindness of the senders is in many cases wholly thrown away.

The Edmonton Board of Trade recently passed strong resolutions asking the Dominion Government to prevent the immigration of negroes into Canada. The Regina Board was requested to endorse it, and refused to do so. We think the Regina Board was right. Any negro immigration that Canada is likely to receive will not be objectionable. If there seemed to be a prospect of an influx of the objectionable negro population of the Southern States, people debased by generations of slavery and ill-treatment, it would be necessary to take steps to keep them out, but a respectable, well-behaved and industrious negro is not by any means an undesirable citizen.

The Minister of Education has taken a very patriotic course in directing that May 31st shall be observed in all the schools by flag-hoisting and work in harmony with the union of South Africa, which takes effect on that day. We suggest that the citizens generally and the various local governing bodies should observe the occasion in some way. We are sure that news that, if we have done what is suggested reaches South Africa, it will create an excellent impression. When fighting for the flag was to be done there Canada came promptly to the front; and she ought to make herself equally conspicuous in recognizing this consummation of the policy of peace and good-fellowship.

There seems to be a parliamentary truce in the United Kingdom. This is well. The passions of some of the politicians were being aroused to a pitch of fierceness the like of which has not been exhibited for many years. Not long ago the London Times said in so many words that the Unionists would not accept peaceably the passage of a bill abolishing the veto of the House of Lords. As such a Bill could not pass without the assent of both houses and that of the sovereign, this, if it meant what the words imply, was clearly a threat of rebellion. When a paper like the Times would indulge in such unmeasured language, it was time to call a halt and give public men a breathing spell.

LONDON, May 12.—Edmund Burke, the Canadian baritone, made a most successful debut in opera, at Covent Garden last night as high priest in "Samson et Delilah."

Dessert Spoons  
Pie Knives  
Sugar Shells  
Nut Crackers  
A. D. Coffee Spoons

## Silver Sets or Single Pieces

A chest of oak or mahogany, lined, is the proper receptacle for fine silver. Such a chest filled with your own selection of

## Silverware will surely please the bride

Something that will last and be useful and beautiful for years to come—that's the right kind of a wedding gift. Nothing fills these requirements so well as good silverware—the silverware we guarantee. We are showing some truly beautiful designs which we would like you to see. Will you call in some day soon? This new shipment has arrived in good time for the June weddings—don't make any wedding gift purchases until you have first inspected the present offerings. We'll be pleased to show you.

## Are You Puzzled What to Give?

—Then give silverware. There is no gift that lasts so long and is so acceptable as good silverware.

And good silverware is the sort we sell. We guarantee every piece of silverware that we sell.

We would like to show you some of the new things particularly suitable for wedding gift purposes. Come in at any time and spend as much time in looking as you wish.

You'll find our prices are very fair—values unbeatable.

Test these statements through a visit.

## Sporting Trophies

One of these handsome sporting trophies we are showing will stimulate unusual interest in any athletic competition. They are unusually handsome in design—these new arrivals.

Come in and see the magnificent new cups we have just received. You'll find an assortment that'll please you, and many cups that would please competitive teams or persons.

If you give one, you want it to be handsome in design and certain of lasting a lifetime. You'll find that sort here, and you'll find them in most attractive designs. Always pleased to show you our stock.

### The Sterling Silver Stock

Our stock of sterling silver is extensive—we show a very complete line of table flatware in sterling, manicure and toilet pieces and souvenir goods.

If you are looking for something in sterling silver don't fail to come in and let us show you what we can offer you. You'll be agreeably surprised at the extensiveness of the stock.

Great choice of souvenir goods here.

## Silver Polish

The care of silver is important. How to keep it clean is a matter in which every housekeeper is vitally interested.

### MERIDEN CREAM PASTE

Is an excellent help. It is put up by the largest and most important silverware concern in the world and recommended by them to be used on their products.

You'll find this an excellent polish—a polish that requires but little labor and a polish that will not injure the finest ware.

Try a tin of this.

The many friends of Mrs. T. Redding, Victoria West, will be glad to know that she is pronounced out of danger from a severe attack of pleurisy and pneumonia.

A tea in honor of Miss Talbot, secretary of the Victoria League, London, Eng., was given by the Imperial Order of the Daughters of the Empire in Winnipeg on Monday afternoon.

The engagement is announced of Miss Ethel Hutchings, B.A., eldest daughter of Mr. and Mrs. E. F. Hutchings, Winnipeg, to Captain Montague Moore, of Vancouver, formerly of Winnipeg. The wedding will take place on June 1.

Mrs. Jessie Craigall left last night on an extended visit to Europe. She will visit her mother, Mrs. Walter Ferguson, in London, and will spend a short time with her aunt, Mrs. Parker Watson, at Edinburgh, and will visit besides relatives in Paris. She will be away about seven months.

Frank Waterhouse, head of the Waterhouse Company, of Seattle; A. Gillespie, vice president of the same company, and Capt. Baird, of Andrew Weir Company, arrived by the steamer Princess Victoria from Seattle yesterday to meet Andrew Weir, who is expected to arrive by the steamer Empress of China today.

Among Vancouver visitors at present in town are Messrs. J. J. Thompson, G. McCartney, R. G. Burnet, W. A. Naylor, K. Hellmuth, C. H. Conrad, W. Porter, L. M. Lindsay, Mr. and Mrs. A. Brignall, Mr. and Mrs. Mitchell Innes, Mr. and Mrs. W. F. Bailey, Mr. R. S. Baron, Mr. and Mrs. James Rae, Messrs. V. Takeda, E. Charlot, Mr. and Mrs. D. V. Van Dean, Mrs. Scott, Mr. J. S. Scott, Mr. J. R. Barnaby, Mr. E. K. Stone, Mr. Thomas Blair.

Among the visitors in Vancouver for the session of the Grand Temple of the Pythian Sisters is Mrs. Lillian Thomas, of Rossland, who takes precedence of all other members of the Order in Canada, she having had the distinction of being the first supreme representative from this country. Mrs. Thomas attended the supreme session at New Orleans four years ago, and was also present at the meeting in Boston two years ago. She will again be a representative at the gathering to take place in Milwaukee, Wis., in August of this year, at which Mrs. Laura Chapple, of Grand Forks, will also be present.

Friday, June 3rd, has been finally and definitely set for the ball to be given by the Victoria Council of the Knights of Columbus, at the A.O.U.W. Hall. The committee had hoped to have been able to set an earlier date but the death of His Majesty affected so many functions that it was difficult to arrange for a convenient hall before the date decided upon. Invitations as originally issued will hold good for the postponed function. Recipients of invitations are requested to make a note of this fact and send their acknowledgments accordingly to any member of the committee. It is felt that the unforeseen postponement will not detract from the success of the ball, as the new date is the birthday of the new King, and this fact, coupled with the renewed energies of the committee in the matter of arrangements for good music, a dainty supper and artistic decorations must bring about these results.

## AMUSEMENTS

### Pictures at the Victoria

A special set of royal pictures of exceptional interest to Victorians have been prepared for the opening of the Kinoscope motion pictures at the Victoria Theatre on Monday evening next, comprising the latest photographs of his late Majesty King Edward VII. and their Majesties Queen Alexandra, King George V. and Queen Victoria, and a number of local views of the principal buildings in Victoria, showing the elaborate mourning draperies. There are also a number of fine views taken on the occasion of the visit of Their Royal Highnesses the Duke and Duchess of York (the present King and Queen) to Victoria in 1904. There are also views of the intercession meetings held in this city at the time of the late King's illness just before his coronation.

The series is altogether a most interesting one, and coming at a time like the present, when the thoughts and sympathies of all British subjects the world over are centred on the royal family, will certainly appeal to the pride and patriotism of the citizens of Victoria.

### Pantages Theatre.

One of the most enjoyable vaudeville shows to be seen in the west has been at the Pantages all week. Have you seen it. Class is stamped on every number, and in fact the whole bill is so happily blended that the most exacting amusement hunter will be more than pleased. Matinee today and two performances tonight will conclude the engagement. Markee's Musical Comedians are to appear next week.

### New Grand Theatre

The last performances of the big bill running this week at the Grand will take place today. There will be the

matinee this afternoon and two performances tonight. Routin and Tilson are showing in a musical specialty which gets a big hand. Wolf Moore and Young have a delightful singing act and the Treadero Four have received an encore every performance this week. Fields and Co. are performing in an equilibrist act and there is a master of magic, Juhasz, besides the regular song and pictures.

### Back at Old Anchorage

The completion of the pile driving and dredging for the G.T.P. wharves at the point where the cluster of boat-houses was located has enabled the

floating hamlet to be towed back to its original position again, and the move is welcome from the point of view of the sightseer. The huddled group of shacks beneath the Causeway did not improve the appearance of the waterfront to any appreciable extent.

You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid up capital over \$1,000,000, assets over \$2,500,000. Branch office, 1210 Government street, Victoria, B.C.

# Children's Day at Young's

Today we make a speciality of Children's Wear. We would like every mother in Victoria to see our splendid window display of Babies' Bonnets and Children's Washable Hats and Sun Bonnets, because it is the best display ever shown in this city. It represents the newest and smartest ideas, and each cute little Bonnet is remarkably reasonable in price.

## NEWS OF THE CITY

### Women's Parliament

The Women's Parliament to have been held May 11th, but postponed, takes place on Wednesday, June 1st.

### Anti-Tuberculosis Society

The regular monthly meeting of the Anti-Tuberculosis Society will be held on Monday, May 16th, at 3 p.m., in the city hall.

### Nanaimo Assizes

The Nanaimo assizes will open on Tuesday, the 17th inst. Deputy Attorney-General McLean will appear for the crown, the assizes being taken by Mr. Justice Morrison.

### Stockbrokers' Association

The Victoria Stockbrokers' association is holding its meeting at 10.30 a.m., on Monday next, in its new board room, first floor of the Hibben block. The public is invited to attend.

### Seepage at Reservoir

The Smith's Hill reservoir has been filled to a height of 19 feet 5 inches. The daily leakage amounts to 80,000 gallons a day. When the reservoir has been filled to its capacity (16,000,000 gallons), it will be left standing, the object being to see to what depth it will sink before seepage ceases.

### Evidence of Tragedy

A mute evidence of the drowning tragedy by which four men recently lost their lives on the west coast has just been found in the picking up of an Hesquilt beach of a bundle of effects belonging to one of the four men. There was nothing of value in the bundle. No trace of any of the three missing bodies has been found.

### A Memorial Service

A memorial service will be held at Christ church cathedral on May 20th, the date of the funeral of his late Majesty King Edward. The service will be held at 11 a.m. on the day appointed for the funeral, and the Lieutenant-Governor, Premier, members of the government, officers of the army, navy and militia, and others have been invited to attend.

### Deck Hand Drowned

William Winchester, deck hand of the steamer Chatter, was drowned on Friday morning. He was seen on board the steamer soon after she left the outer wharf just before the vessel passed Broche Ledge, but was not seen again, and is believed to have fallen overboard and been drowned. He resided in Victoria, and has been engaged on local steamboats for some years.

### Women's Missionary Society

The Women's Missionary Society, of St. Andrew's Presbyterian church, will hold its regular monthly meeting on Monday afternoon, at 3 o'clock, in the lecture room. Mrs. J. W. Browne will read a paper on the "Current Events in Missionary Work." Mrs. E. Taylor will read a paper on the "History and Work of the Young People's Missionary Movement." Mrs. James D. Gordon and Miss N. Lawson will read papers on the "Present South America."

### Fraternal Societies' Joint Action

There will be a meeting of the delegates of all the fraternal societies at the Driard hotel at 3 p.m. on Monday evening next to arrange details for the societies' parade to take place on Friday next, the 20th inst., in connection with the memorial service for his late Majesty King Edward. A circular letter has been sent out to the secretaries of all lodges in the city asking that a delegate be appointed to a meeting at the Driard hotel on Monday evening next. Any lodge that has not received a letter will lease appoint a delegate.

### Pay Their Tribute

At the regular meeting of Victoria Council 1256, Knights of Columbus, held on Thursday evening, the following resolution was adopted: "Whereas—the unexpected and deplorable death of our late beloved sovereign King Edward VII, has plunged the entire universe into the deepest mourning, and called forth expressions of the most poignant grief from every part of the globe, therefore be it resolved, that Victoria Council 1256, Knights of Columbus, now assembled in regular meeting, do now adjourn in token of our deep sorrow and profound regard for the beloved memory of his late majesty."

### In the Police Court

Four victims was the result of Thursday's work at Rock Bay bridge. Two of them were Chinese. None of them made any excuse; they all pleaded guilty and paid their fines. Meantime the work of netting others is continuing merrily. John Frost, the man who originated in the region of Bow Belle and who smashed John P. Sweeney's sandwich board to kindling wood Thursday night in a fight with a patrolman on Johnson street, stoutly declared his innocence of drunkenness and the use of obscene language in the police court yesterday morning. His protests went unattended yesterday, however. The evidence was strong against him, and two previous convictions also stood opposite his name on the books. He was sent away for one month at hard labor. Two plain drunks contributed.

### Majority of Ministers Away

A majority of the members of the Provincial Government are today on the Mainland, and but for the home-staying Premier, the Capital would be for the week-end be without the presence of any of the cabinet ministers. Hon. Thomas Taylor, Minister of Public Works, is now completing his tour of the bootenay and other interior districts, from which he is expected to return on Tuesday evening. Hon. P. L. Carter-Cotton, President of the Council, went home to Vancouver Tuesday, and was followed on Thursday afternoon by Hon. W. J. Bowser, Attorney-General and Minister of Finance and Agriculture, who usually arranges to spend the Saturday and Sunday with his family. Hon. Price Ellison, Minister of Lands, crossed to the Mainland Thursday evening, and Hon. Dr. Young, Provincial Secretary and Minister of Education, went over by the "Princess" yesterday afternoon. The late minister will be returning tomorrow and on Monday afternoon will formally subscribe to the oath of allegiance to the new monarch, George V., he having been absent from the city when his ministerial conferees were thus sworn in.

## THE WEATHER

Meteorological office, Victoria, B. C., at 8 p. m., May 13, 1910.

### SYNOPSIS.

The barometer has risen considerably over the North Pacific coast and fair weather has become general. Showers have occurred on Vancouver Island and the Lower Mainland. Fair weather continues in the Prairie provinces.

Highest 55  
Lowest 50  
Mean 52  
Rain .04 inch; sunshine, 1 hour, 36 minutes.

## WAREHOUSE FOR G.T.P.

Structure Costing \$12,500 to be Built in Conjunction With Wharf Street Docks.

The Grand Trunk Pacific Development Company is about to construct a large frame warehouse off Wharf street to be used in conjunction with the new docks now being built. The building will be one storey in height covered with an iron roofing. Its cost will be \$12,500. The purpose for which it is to be built is to store the freight brought to port by the G. T. P. vessels.

A building permit has been issued to Ald. W. M. Ross for the erection of a frame one storey dwelling on Wilson street at a cost of \$1,500.

You can get a nice refreshing cup of tea, nice bread and butter and cake, or nice light lunch at Direct Importing Tea and Coffee Store, 1307 Broad St.

## COLUMBIA WOOD HORNS

The Columbia Symphony Wood Horn is everything that a Graphophone horn should be and that no other wood horn can lay claim to be: It combines true acoustic qualities and natural tone with symmetry, strength, durability and perfect design and finish. Its method of construction is wholly unique. It is not veneer, yet it has all the unbreakable qualities of three-ply cross-grain-laid veneer. It is to all intents and purposes one solid piece of wood and far stronger than one piece of wood could be.

### The Most Positive Guarantee Covers These Horns

If they warp, pull apart or split, they will be immediately replaced. They are interchangeable with all other Columbia Horn on all Columbia tone-arm machines. Price, in either mahogany or quartered oak, \$20; spruce, \$25.

The Columbia "No. 2" Wood Horn. Price \$12  
Made of finest quartered oak, seasoned, reinforced, three-ply veneer

## NEWS OF THE CITY

### Christ Church Cathedral

The services on Sunday, being Whit Sunday, will be: Holy Communion at 7 a.m., 8 a.m. and after morning service; Evensong at 7 p.m.

### Agog About Election

Recent arrivals from Prince Rupert state that the town is on the tip of excitement over the approaching municipal elections, but all of those who have come recently from the northern city are curiously non-committal as to the prospects of the various candidates. Apparently the policy of the Rupertsites is one of elegant silence.

### Fountain for Causeway

The addition of a modern hygienic drinking fountain to the equipment of the Causeway is a move that is causing considerable favorable comment. A small rail is to be built along the top of this embankment, and this will add to the good appearance of the approach. Such improvements assist materially in making a good impression on the new arrival.

### Awaits Head of Weir Line

Frank Waterhouse, of the steamship firm of Frank Waterhouse & Co., of Seattle, came to Victoria yesterday with other members of the firm to await the arrival of Mr. Andrew Weir, of the Weir line, whose agents, the Waterhouse company are, Mr. Weir is expected to arrive on the Empress of China. He is homeward bound after having circled the globe on a pleasure trip in search of improved health. A conference between Mr. Waterhouse and Mr. Weir will be arranged here. Mr. Waterhouse states that shipping affairs south are quiet just as present.

### May Be Delayed

Indications are that the new wing on the Empress Hotel, which was to have been partially completed to accommodate the summer tourist trade will not be finished as expected. There have been several delays which have eaten into the time allowance. The last of these delays occurred during the last few days, when the men were idle for want of material. Present expectations are that three floors will be done some time in August.

### Many Tourists Coming

Practically every boat from Vancouver and Seattle this week has brought increasingly large quotas of visitors and, with the launching of the tally-ho service and the blooming of the broom, the tourist season for another summer has been fairly started. The steamship companies tell of long lists of bookings ahead and two weeks more will see the rush almost at its fullest. This week the hotel registers have taken on a new appearance. There are less registrations from local and interior points and more from distant cities and countries.

### Was Agreeably Surprised

T. E. Everett, of Halifax, is another convert to the habit of liking Victoria. Mr. Everett came here for the first time yesterday, and he will stay for a while to get better acquainted with the city. "I had always heard Victoria spoken of as a quiet, sleepy place where there were only pink teas and dog fights," said Mr. Everett. "I fall to see how that reputation was established. I must say that I have enjoyed doing it as I have seldom enjoyed such things. The city is wonderfully beautiful and I am sure the scenic charms alone are well worth crossing the continent to see."

### Singing the Island's Praises

The policy of telling it in Gath and publishing it in the streets of Askeaton is being carried on with increasing vigor as far as the proper and truthful advertising of this Island and its magnificent resources is concerned. The Vancouver Island Development League, Victoria branch, sent off 1,000 reprints yesterday of an article recently published in the Western Ho!, and entitled "Victoria, the Beautiful." This article was particularly well written and the copies referred to were dispatched to Agent-General Turner in London, who will have them distributed where they will be effective. Five hundred of the same article have been turned over to the local bureau of information at the Parliament buildings by request.

### ALBERNI TO HIM SPELLS SUCCESS

W. D. McCombe Believes in the Future of This Island Centre-Labor Shortage is Centred.

News of the proposed inauguration of a big hydraulic proposition on China Creek, near Port Alberni, was brought to the city yesterday by W. D. McCombe, who has come down for the purpose of establishing a connection for some large blocks of Alberni real estate which he owns. The new departure at Alberni has been taken by a syndicate from Nova Scotia who have located prospectors on the Creek during the past few days. These men, it has been announced, will continue to examine the creek's washings thoroughly during the summer and if, by fall, the returns warrant it the syndicate will put in a \$250,000 hydraulic plant and proceed to operate on a large scale.

Mr. McCombe, who is staying at the Empress Hotel, says that the indications on China Creek are good and that unless the company is blocked by failure to obtain unimpeachable rights the chances for the formation of the big plant are good.

Speaking of general conditions at Alberni, Mr. McCombe said that everyone was enthusiastic and hopeful. People were going in all the time and the hotels during the past week had accommodated more people than they had had during the entire month of May last year. The railway construction was going ahead as rapidly as could be expected and the line would very likely be completed to the lower end of Cameron Lake by September. This point, roughly speaking, is about 20 miles from Alberni.

The question of labor is a serious one in the district just now. Ordinary laborers are receiving from \$2.50 a day upwards, and there is plenty of work for all who want it.

Shortly before Mr. McCombe left a campaign to thoroughly organize the Board of Trade was inaugurated with good prospects of success. The town is wide awake and alive and property prices are advancing weekly. A record of 500 inches in Sport River for the purpose of erecting a power house to supply light and power to the town.

Mr. McCombe is strictly of the Alberni faith. He believes in the town

and in its future. He says that the Canal is the natural highway from the prairies to the Panama Canal and that the Montreal Star, which, in a recent issue declared that the largest grain elevators in the world would one day be erected at Alberni, was quite right.

### UPISLAND SERVICE

New Schedule of Steamers Plying Between Here and Comox is Announced.

The proposed change in the steamer service between Victoria and Comox and way ports which was announced a week ago and which would have seriously interfered with the business of Victoria merchants has been averted through the efforts of the Board of Trade and the courtesy of Captain Troup. The new schedule which was given out yesterday makes only one change and that one is immaterial. The weekly steamer from this port will sail on Tuesday morning as usual, but at six o'clock instead of seven as formerly. The complete schedule is as follows: Victoria-Nanaimo-Union-Comox service: Effective Monday, May 16th, the Ss. "City of Nanaimo" will be placed on the above route, sailing from Victoria every Tuesday at 6 a.m., calling at Sidney Island, Kuper Island, Thetis Island, Boat Harbor, Nanaimo and Union Bay. Also calling at intermediate points when sufficient business offers.

Logging Camp and Rivers Inlet route: Effective May 17th, the Ss. "Queen City" will be placed on the above route, sailing from Victoria 8 p.m. every Tuesday, (from Vancouver a.m.) 3 shed every Wednesday (from a.m.) calling at Marble Bay, Blubber River, Powell River, Lund, Campbell River, Quathlaski Cove, Menzies Bay, Granite Bay, Rock Bay, Knox Bay, Summers, McKinnons, Camp Point, Port Kusen, Salmon River, Enterprise, Storays, Port Harvey, Jamesons, Reveller, Boat Harbor, Nimpkish, Log, King, Alert Bay, Haddington Island, Solntula, Suquash, Fort Rupert, Hardy Bay, also Rivers Inlet Canneries and Hickey's Cannery, Smith Inlet.

## IN MEMORIAM

The death of His late Majesty King Edward has elicited the following contributions:

### On the Death of Our King

Nine years, but nine short years he ruled  
His willing England here below.  
Ruled with a father's love, a father's hand;  
Rejoiced in England's gladness, in her woe;  
Wept with a father's tear.

And now we weep, the children of his love,  
For he is gone, and never shall we see  
In England's midst the well-beloved form.  
Great warriors may be born to us, but he  
Will never come again.

O, King! revered, beloved by England's all,  
We lay this simple tribute at thy feet.  
Thy memory will be with us, and for thee  
We will be better men, that we may meet  
And love thee once again.

MARIE E. BAILEY.

Low lies the head that wore the splendid crown  
Of Britain's Empire. Low is bowed the head  
Of all who love the Empire, for their King,  
"Edward the Peacemaker," lies with the dead.

"The Father of his people," and their friend:  
He strove not in vain to keep the peace  
Among the Powers; and hard he strove to keep  
Union within the Empire, nor did cease

His kindly work till Death's dark shadow fell  
With sudden chill across his busy day:  
He knew the summons of the King of kings,  
And those who watched around him heard him say:

"This is the end: I think that I have done  
My duty." Lord, we pray that he who wore  
"By grace of God," earth's greatest crown, may wear,  
Thro' Christ, a heavenly crown for evermore.

Our Debt  
A Rondeau

The debt we owe let England ne'er forget:  
How kindly tact with truest wisdom met  
And poised its oil upon the troubled grave.  
That calmed its threat; that peaceful quiet gave  
When danger of the ship of state beset.  
When blustering hate began its blade to whet  
When Russian panle fired on boat and net;  
Pay, unbereaved ones, at his honored grave  
The debt we owe.

Beside his tomb hope mingles with regret.  
Our friend is gone, our Peacemaker—and yet:  
Should'er again the troubled waters rave,  
And armed throngs for bloody conflict crave,  
Time may increase, since virtues like his  
The debt we owe, C. E. C.  
Cowichan Station.

### Edward the Peacemaker

Peacemaker, now at peace;  
Life's fitful fever ends in rest.  
Warden of men, thy obsequies  
Vibrate through every breast.

World-wide thy fair renown,  
World-wide thy just acclaim.  
Sovereignty in thee hath grown  
To chaplet of fame.

Grief for our loss shall end  
In triumph o'er thy gain.  
All nations of the world commend  
The glories of thy reign.

We wonder who shall stand  
In years that are to be  
The verewall of our native land  
So resolute as he?

Ah, well! our heaving breath  
His anguish tones must cease.  
The Peacemaker hath passed through death  
Unto eternal peace.

R. H. KNEESHAW.

734 Caledonia avenue.

### "Our Boys"

It is expected that a capacity house will greet the High School Alumni society when they present the play "Our Boys" in the A. O. U. W. hall next Monday evening. Social scenery has been ordered, and as all those taking part are clever actors, the public can expect to see a regular dollar and a half show for the sum of fifty cents. Following is the cast: Sir Geoffrey Champneys...Edward Sears Perky Middlewick...A. J. Carras Talbot Champneys...P. D. Bannerman Charles Middlewick...W. H. Miller Mary Melrose...Miss Mabel Cameron Vollet Melrose...Miss O. Grant Clarissa Champneys...Miss Dale Belinda...Miss Nason Kempster...R. McKay

## OBITUARY NOTICES

### Gilmore

The funeral of the late Alexander Gilmore took place yesterday afternoon from the residence, Ellis street, where service was conducted by the Rev. Dr. Campbell, assisted by the Rev. D. McRae at the residence and graveside. There was a very large attendance of friends, many beautiful flowers being sent. A delegation from the Masonic Order attended and the Pioneer Society were present in a body. The following acted as pall-bearers: James Mann, James Tagg, Walter Walker, James Phair, R. B. McMicking and Edward Pearson.

### Dinsmore

Abraham Dinsmore passed away yesterday at the family residence, 815 Queen's avenue. The late gentleman came to this province in 1886. For 16 years he was in the employ of the C.P.R. Upon retiring from the company, he purchased a service house at Chilliwack, but about a year ago was forced to retire owing to ill-health. He was born in Donegal, Ireland, and was 75 years of age. A widow, three sons and four daughters are left to mourn his loss. The funeral will take place on Sunday afternoon at 2.30 o'clock from the family residence. Rev. Mr. Letts will officiate. Interment will be made in Ross Bay cemetery.

### Wallis

The funeral of the late John Wallis takes place this afternoon at 3.15 o'clock from the B. C. Funeral Company's parlors, from where the cortege will proceed to St. John's church where services will be conducted at 3.30 o'clock by the Rev. A. J. Stanley Ard.

### THE REAL TEST

Of Herpicide Is In Giving It A Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many vigor may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair? No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

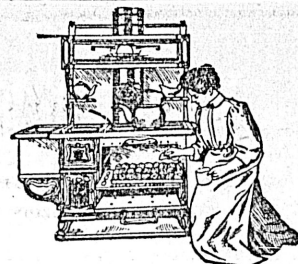

Letters from prominent people everywhere are daily proving that Herpicide's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Cyrus H. Bowes, special agent, 1228 Government st.

## In Woman's Realm

### Here and There

Dr. Lowell, the new president of Harvard University, has taken pains to find out whether the statement so frequently made of late, that the age of college graduates is increasing, is true. He finds that boys enter college at an earlier age than formerly. During the last five years Harvard freshmen have entered college at an average age of eighteen years and four months. It has been found that the first year work of the Arts course should be done in the High Schools. The keeping of boys at home another year would, he believed, be an advantage to them, and their increased maturity would benefit the university.

An age limit for matriculation may be a necessity, but the rule is one that may well, as has been pointed out in the proverb, old heads on young shoulders. Exceptional talent may not be as common as abnormal dullness, but when found it should be allowed to have its natural growth. In these easy times, intellectual laziness is more to be guarded against than too great eagerness to learn.

There is much written in the United States papers of the swiftness with which justice has overtaken a man who recently committed a cowardly and brutal murder. Many of the writers say that the murderer would have been slower and less certain if the crime had been wealthy. Commenting on these articles, Canadian papers congratulate our own country on the superior integrity of our courts of justice. It is to be hoped there is good ground for this feeling of national self-satisfaction. The incorruptibility of its judges is the greatest safeguard of any people. But our courts are, after all, but human institutions, and if in their heart of hearts the men and women of a country do not love righteousness and hate iniquity, they cannot be sure that crime will always be punished.

This is a matter in which women have a very great responsibility. It is they who, in matters of right and wrong, set up the standard. Are we quite sure that in the courts over which Canadian women preside, and as those which hold periodic sessions in our cities, corruption does not enter? If they count as friends, because of their wealth, those who commit offences they would unsparingly condemn.

### MISS ROSA McAHAN OF BUTTE. How After Two Years She Found a Remedy for Dandruff

Miss Rosa Mcahan, of 211 West Queen street, Butte, Mont., says: "Herpicide has thoroughly cleansed my scalp of dandruff, which was entirely covered; and it has stopped my falling hair. I have tried many different preparations in the past two years, but none took effect except Newbro's Herpicide. Dandruff is a germ disease and Herpicide is an infallible destroyer of the germ. 'Destroy the cause, you remove the effect.' Kill the dandruff germ. Ask your druggist for Herpicide. It is a delightful dressing, allays itching, makes the hair soft as silk. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed. Cyrus H. Bowes, special agent, 1225 Government street.

 Principal, J. W. CHURCH, M.A.

demn in their poorer neighbors, they are doing what they can to make corruption possible in Canadian courts and Canadian politics. Mammon worship is never so fatal as when its shine is found in the home.

There are many women who have been surprised to learn that farming is looked upon in England as work in which women may become proficient. It is not generally known that there are Englishwomen engaged in much the more difficult employment of blacksmithing. But it appears that women not only can work at the forge, but that they like the occupation and are not injured by it. Among the many women employed to oversee workers of her own sex is Miss Edith Lawson, the secretary of the "freedom of labor defense." In the course of a tour of inspection, in which she visited Birmingham and other labor cities, this lady visited the chain makers of Cradley Heath. These women had frequently been mentioned as suffering from the heaviness of their work and the low rate of wages. But Miss Lawson considers that these women are less to be pitied than many of the dressmakers and factory workers of other towns. They are strong and well and their work is not too heavy for them. Among these was an old woman over seventy, who had spent her life at this laborious calling and now knew no other way of earning the pittance which kept body and soul together.

The saddest thing about these chain-makers, as about other women who work outside the factories, is their helplessness. They accept a life of abject poverty as inevitable.

While occupations requiring great physical strength have been shown to be not impossible to women, it is being proved in the laboratories both of Europe and America that their dexterity and aptitude for details and delicate work make them invaluable assistants to the scientist. Several women have been more than helpers in the realm of astronomy, and Madame Curie is looked up to as a teacher by all her fellow workers. But these are the exceptions. Among the fields in which women are found to be capable of a high degree of study requires a care and a patience for which women are naturaly fitted. Indeed, in the manifold occupations which modern invention and science have opened up there are so many opportunities for the young woman that there is a danger that she will not be prepared for that work which ultimately forms the life of the greater number. There is the more reason why the system of education of all civilized countries should include a thorough training in that knowledge and those occupations which are known under the name of Home Economics. If a girl knows how to provide for her own household she may safely engage in any work which comes to her hand.

That there is much room for original research before we are certain what food is the most useful in sustaining life, the long and learned articles in many of the magazines prove. In the case of an afternoon's reading one may be told that the health of mankind requires a diet of vegetables alone. Many of these may be eaten uncooked. Of this regimen fruit must form a very large proportion.

Another authority declares that all food must be partaken of sparingly and still another that these bodies of ours require long periods of abstinence to keep their machinery in working order. Then in most convincing sentences we are told that the absence of nitrogen is fatal, and unless we partake freely of meat and milk, eggs and cheese, direful results will ensue. And then there is the cheerful doctor who bids us eat what we like and take no thought for the consequences, while yet another sings the praises of oils, animal and vegetable. Amid such a multitude of counsellors, most of whom can write after their names a formidable list of letters, what is one to do? At present, exercise what common sense for the day when the researches of scientists will discover the perfect diet.

There is, in the work of development that is now going on all over Canada, a terrible sacrifice of human life. In our own Province, as elsewhere, the toll of frequent occurrence. It is impossible to think that these are all unavoidable. In our own country there are many widows and orphans who mourn the untimely death of the victims of explosions. That the majority of those killed are far away from their loved ones does not make the death less to be regretted. Can anything be done to force the workers themselves, their overseers and employers to exercise greater care? If there is, not a day should be lost before action is taken.

There are many who will be pleased to hear that Mr. Fred. Wood has won the gold medal for literature in his final year at McGill. Both as teacher and student, Mr. Wood gained the regard of those associated with him in Victoria and his fellow worker will be watched with friendly interest.

### LETTERS TO EDITOR

#### High School Sites

Sir:—If it is not too late to make a suggestion as to the ultimate location of the new High school, might I be allowed to draw attention to a proposal emanating from Mr. Jeeves. This is that the school trustees acquire six or eight lots facing the North Ward Park on the east end just across the street, lately opened there. These lots are between Pembroke street and Queen's avenue, and could be bought for a few thousand dollars. As a campus is held to be a sine qua non of a modern high school, the new institution, if located at the point indicated, would have the magnificent new park as a ground in which all sports could be held. While waiting to see the High school at Spring Ridge to having it located at Cemetery hill, I think that the site in front of the North Ward park is preferable to either, and by long odds the least expensive. From an aesthetic point of view, the ground site has, as I have said, all the advantages, nothing to recommend it as a site for a seat of learning, although in the course of years this defect might be remedied to a very large extent, and

while it would do no one absolute injury to locate the new school there, it might do a great deal of good to a very large number of citizens who at present certainly have a grievance against the city. In many Eastern cities the practice has been followed of having institutions for the higher education contiguous to public parks, and North Ward park, it seems to me, would lend itself most admirably to such a scheme, and at the same time offers a good compromise on the troublesome subject of a High school site.

A. G. SARGISON.

#### On Its Merits

Sir:—Your last article concerning the choice of a site for a High school meets with my approval. You very properly state that the sentimental grievance of the Spring Ridge people or the possible enhanced value of surrounding property ought not to unduly influence the school board in their decision. You will doubtless also agree that if other things are equal, then the Spring Ridge site might and should have the preference, because it would settle grievances of twenty years' standing, and give a greater additional assessment for taxation than the site proposed at the Jewish cemetery.

Permit me to state, as an owner and occupier of a home situated about two blocks from the proposed site, that I am and have been a strong supporter of the site in question solely on its merits. The sentimental side does not appeal to me one jot or tittle. If it is accepted and built upon I shall have to pay far more taxation, and as I propose to live in the same place for the remainder of my life, twenty-five years, any enhanced value will not benefit me, or others situated like myself in the slightest degree. My home is not for sale.

#### The Case for the Site

The site is by far the most central site. A glance at the map of the city places this beyond controversy. It is about four blocks from the present High school, which would be unanimously admitted to be the centre of the residential portion of the city.

It is convenient to the car line and for pupils residing at the extreme limits of the city this is a great consideration. It is most healthful. It is an admitted fact that gravel or sandy soil is the ideal for homes, hospitals and schools. It possesses in close proximity the necessary sewers, whilst water, electric light and gas are already provided upon the property.

#### The Case for the School Board

It is cheap, by far the cheapest, all things considered, than the site proposed at the Jewish cemetery. Assuming that the board decided to purchase the whole of the adjoining property, presuming that the gift of 3 1/2 acres is validated by the vote of the citizens, the gross cost of the site will be \$16,500. Supposing that plans are asked for a building to cost \$125,000 on the Jewish cemetery site, the same identical building can be erected for \$10,000 less on the Spring Ridge site. Practical contractors who have viewed the two sites declare that the cost of excavation, drainage and purchase of sand and gravel necessary for a large building will make at least \$10,000 difference between the two sites. Some have placed this estimate higher.

Next, the Spring Ridge site has 2 1/2 acres additional area, which, looking to the development of the city, is a valuable asset in the future. This site would probably prevent an agitation in the near future for another High school in some other residential section. If more rooms were needed in five years' time, another wing could be added, and nothing can arise to alter the central location of the site.

The site should further be credited with removable houses to the value of \$2,000.

Surplus sand and gravel have been estimated at a value of from \$5,000 to \$10,000, which is yearly growing in value and security.

In a nutshell, the case should be stated thus:

Gross cost of building	\$16,500
Lessened cost of building	
Ing	\$10,000
Less value of houses	2,000
Less value of material	5,000
Net cost	29,500

But in addition to this there will be two houses that should be retained, and which would be most valuable for principal's and janitor's residences, the latter of which is absolutely necessary. I place the value of these at \$5,000, which will produce a net cost of \$24,500 for the 11 1/2 acres of land.

Add to this that every foot of the area not occupied by the school and residences named will be available for recreation purposes for the pupils, giving at least twice as much available playground as the Jewish cemetery site, and it will be at once seen that the case for the school board is unanswerable.

#### The Case for the Council

The council offers as an additional inducement the sum of \$7,500 to assist the school board, still further reducing the cost of the site to an actual net sum of \$17,000. No doubt the council is really actuated by three reasons: the removal of grievances, the additional taxation to be obtained, and the evading of an enormous outlay that would be required to provide necessary sewer accommodation.

Am I not right in saying that the Spring Ridge site is by far the best on its merits?

EDMUND J. WALL.

#### Discredits Rumor.

Sir:—There is absolutely no truth in the ridiculous rumor to which you refer in the Colonist this morning with regard to the probable appointment of Archdeacon Pentreath as Bishop of New Westminster, and the Rev. S. G. Chambers as successor to the archdeacon. It is difficult to imagine how such reports arise, whether through mischief or malice, and an apology is due to Archdeacon Pentreath.

No nominations will be made until June 8, the day fixed for the election to the Bishopric, and it is utterly impossible to foretell the result.

W. W. COLUMBIA.

## North Ward Soccer Team, Holders of Local Second Division Championship

The football players of Victoria who leave this afternoon for Ladysmith and will tomorrow meet Ladysmith in final match for the Island second division title. Ever since the opening of the season the Wards have played fast ball. They have achieved an unique triumph in not only winning the second division championship, but in once defeating and again tying Victoria West, the holders of the senior title. As shown above the names of the players follow: Top row (from right to left): Lane, Lawson (T.), R. Humber (Manager), Brynolfson, Christopher (President), Barnes, McDonald and Baker. Bottom row (from right to left): Todd, McGregor, Peden, McInnes, Taylor and Brown.

## JOHNSON AS A BUSINESS MAN

Made Binger Look Like Thirty Cents When Talking Over Appointment of a Referee—Objects to Smith

Fritz Holland, the popular S.A.C. boxing mentor, now tacking the professional game in California, writes interestingly from Johnson's training quarters at Seal Rock.

In a personal letter to the sporting editor of the Spokesman-Review he says:

"There are quite busy times here now. Johnson, Thomas and I are training here now, and Driscoll will be here soon. Thomas is looking fine, and many think he is better than he ever was. He has won fourteen straight fights in the east. He gave Klaus a terrible beating at the National Club in Philadelphia. Opinion is divided as to the outcome of his fight with Papke. Joe is amongst those who figure Papke in the second money. I hope Joe wins, because he is a fine fellow. Just such a boy as Honey Melody, or poor little Tommy McCarthy. He has a host of friends, and he deserves them. He only weighs 160 pounds now, and fights on the 14th at catch weights."

"I was at the meeting of the promoters and principals to discuss the referee problem the other day and was amused at Johnson's cool, clever wit. Berger tried to 'kid' Johnson, but got the worst of it. Jack was witty as an Irishman. Berger said that in the selection of a referee Johnson was trying to get the best of it, but that he (Johnson) wouldn't until 'h—' freezes over." Johnson said: "That event will happen on the Fourth of July." The crowd gave Sam the horse laugh. Berger talked like a schoolboy. Johnson was the more dignified, used better language and his conduct was far more gentlemanly than Berger's. Little Johnson's manager, didn't have a word to say. Johnson did all the talking for himself, and proved himself perfectly capable. Berger's only objection to Graney or Welsh was that they were approved."

### TODAY'S FIXTURES

2.30 p.m.—Victoria vs. Pontiac, in second of season's baseball matches, at the Royal Athletic grounds, George Burnes referee.  
3 p.m.—Shearwater vs. Empress, in cricket match at the Canteen grounds, Esquimalt.

ed of by Johnson. Johnson stated his objections to each and every one of Berger's selections. In the case of Eddie Smith he openly stated that Smith had robbed him of a decision over Hank Griffin, and was as frank in regard to the rest of them.

"One thing is certain. If Jeffries has any advantage over Johnson in a business way he will have to get a wiser man than Berger to deal with Johnson. Johnson made Berger look like a novice."

### Can't Give Joff a Chance

"As to the outcome of the fight, I have talked to everyone I could on the subject, and these following named men can't concede Jeff a chance except by a flick. They are: Harry Foley, Joe Thomas, Ty Krilling, Spider Kelly, Owen Moran, Sol Levinson, Teddy Wolf, Monte Attell, Charley Harvey, Fred Sears, Jim Barry and nearly everyone else I've talked to."

"I can't figure Jeff at all. This man Johnson is a wonder. I never realized he was so big or so clever. Cleverness is not the word, though, to describe his wonderful dexterity. If the odds are not on Johnson by July 4 I will be greatly mistaken."

### Johnson Can Protect Himself

"A great many think that Johnson can't get a square deal. If you had heard his talk today you would be sure that he intends to protect himself on that point to the limit. He is no one's fool if he is a negro. Ask Berger."

"Johnson is well liked around the quarters. Always courteous and in his place, and his men have to be, too. He doesn't tolerate rowdiness among his trainers."

"After seeing the two men I believe that any Jeffries sympathizers who see them work would wish their chances of winning were reversed."

"My fight on the 6th has been called off on account of the death of McCarthy. We certainly miss Tommy here at Seal Rock. He was one of the most popular boys who ever trained here. His death has caused every one here to feel depressed."

## TERRIER CLUB ELECTS OFFICERS

Members Decide to Offer Special Prizes for Competition at the Forthcoming Duncans Show

A meeting of the Victoria Terrier Club was held last Tuesday when the rules were adopted and officers elected as follows: Honorary president, Mr. George Gillespie; honorary vice-presidents, the presidents of the Victoria and Vancouver Kennel Clubs and the B. C. Fox Terrier Club and Messrs. T. Blakenore and J. S. H. Matson; president, T. M. Foote; vice-presidents, Messrs. C. B. Thompson and D. B. MacLaren; secretary, treasurer, Theodor Pearce; committee—Messrs. F. Marriot, R. Hanson, G. Florence, W. H. Catterall, J. Wallis, A. Stonor, G. H. J. J. and F. Turner. It was decided to give special prizes for competition among members of the club to the value of \$10 at the coming Duncans show, as, according to the rules, no member is entitled to the benefits of the club until all dues are paid. Members not having paid up should send their fees in to the secretary-treasurer (P. O. Box 920, Victoria) without delay.

## SWIMMING CLUB CHOOSES PRESIDENT

R. Pomfret, president of the Victoria Swimming Club, submitted his resignation at last evening's meeting. It was accepted with regret. The reason Mr. Pomfret is retiring is that his business makes it difficult or rather impossible for him to give the organization the attention that he feels he should if holding that post. Tom Dalzell, the mile swimmer, was elected to his place. Other posts were filled, Frank Crompton being made captain of the swimming team and Ernie Crompton captain of the polo team. The club's suits will be of blue, with the "winged triangle" on the breast. Arrangements have already been made for the inauguration of the junior class at the Gorge camp, which will be established on June 4.

## FORMAL OPENING BOWLING TODAY

Beacon Hill Greens Will Be Thronged With Players for First Time This Season—Competitions

Bowlers attention! This afternoon the game is to be introduced. The Victoria Bowling Club's greens at Beacon Hill is the scene. Everybody who has handled and grown fond of the bowl will be there. What is expected will prove the sport's finest season in Victoria will be suitably greeted.

His Honor Lieut.-Governor Pater-son, Premier McBride, Mayor Morley and other dignitaries have been accorded an invitation, and are expected to participate.

The afternoon's feature will be a series of contests between the rink's representative of the president and the vice-president, Alexander Stewart, the former official, and William Walker are supported by the following skips:

President: Alexander Stewart, W. Oliphant, sr., George Mowatt, Walter Stanland, Arthur Rea, G. Young, J. Dillworth and R. C. Coleman.

Vice-president, William Walker, J. A. Turner, W. Brice, A. E. Bannister, R. Dunn, H. H. Jones, P. Brown and W. Oliphant, Jr.

Refreshments are being provided, and will be served by the ladies identified with the club during the afternoon. An invitation is extended to all other than members who are fond of the game, and would like to enjoy themselves.

## FORTY ENTRIES FOR BOY'S MEET

Arrangements For Next Saturday's Event Discussed Last Night—H. E. Beasley Presents Cup

At a meeting of the Boy's Athletic meet management held at the Y. M. C. A. rooms last evening, it was decided that the event which was postponed from last Saturday owing to the death of King Edward VII. should take place on the 21st. The entry list will be reopened until Friday, 20th, so that all who haven't yet submitted their names and would like to do so have the opportunity. At present forty youngsters have signified their intention to take part. H. E. Beasley, superintendent of the Y. M. C. A. and N. Railway Company, has presented the Y. M. C. A. with a silver cup to be awarded the boy making the most points.

## RECORD OF RUNNERS IN THE 20 MILE RACE

### Thur Johansen

Johansen is another wonderful Swede, and has made a big name for himself since he came to America. He ran several races in Norway, Sweden, and Denmark before coming here. He won the Swedish Marathon last year in just time. His first race in America was at the 6th Armory, New York, when he defeated Hans Holmer and Jim Crowley in a full Marathon distance in the world's record (at that time) of 2:36.50 seconds. He ran third in the Polo Grounds annual Marathon Derby in April in about the same time as his previous race. He defeated Jim Crowley in a match Marathon race at Celtic park, Brooklyn, last Sunday, in very good time, considering the weather. When Johansen starts here in the Canadian Derby it will be his first appearance in Canada. He is a sturdy little runner, and keeps going all the way. He is a hard man to shake, and fights every foot of the way.

### John Marsh

Marsh, the sterling runner from Winnipeg, is such another man as Crowley, full of luck and endurance. He has been, and is still, a wonderful runner. There is no waiting race when Marsh starts. You have got to beat him all the way. He was a great runner in England, and he has met most every good runner in Canada and the United States. Marsh gave Shubb a hard race in Winnipeg. He was the winner of the first Canadian Derby, when he defeated a big field of starters, including Wood, Meadows, Simpson, Red Hawk, Sellen, and several others. Marsh made the world's record for that Marathon distance (at that time), 2:39.40. Two weeks later, at the Polo Grounds, New York, he was defeated in a Marathon race by St. Yves, Svenborg, Simpson, and others having to give up on account of a sprained tendon. Marsh has been running on the Pacific coast all winter, and is now in the pink of condition, and expects to repeat his win of the Canadian Derby, although it will be his first meeting of the new bunch of runners.

## BRITISH RUGBY IN THE EAST

At a well attended meeting held at M. A. A. clubhouse for the formation of an English Rugby Club, the following gentlemen were elected as a working committee: Messrs. C. R. Blackham, P. MacKenzie, A. S. Leupold, J. B. Peck, J. H. Richardson. Grounds for the club are now being located, and it is hoped that by next fall there will be in full swing. All the members of the club have played for first class Canadian and British Rugby teams, and they therefore feel confident that the public will soon be won over to one of the fastest, most manly, and splendid of British outdoor games.

The new club will in future probably be known as "The Montreal English Rugby Club."—Montreal Herald.

### LACROSSE NOTES

Distributing Sticks  
Ten dozen lacrosse sticks of the type to be used in the juvenile lacrosse movement were distributed at Westmount schools, Montreal, this week.

Westminster Favored  
The preliminary of the Minto Cup matches are being arranged with a smoothness and despatch that speaks well for the spirit of true sportsmanship in which the contest promises to be carried out. A referee and judge from the coast ought certainly to satisfy New Westminster, and Montreal feels sure that justice will be done. No one can ask or desire more. The eyes of the country will be upon these matches, and it is well that they are going to be conducted in a manner to command the confidence of all and set an example to lacrosse players throughout the Dominion.—Montreal Herald.

Juveniles Interested  
Twenty-five French schools of the province, including schools in Sorel and Quebec, have applied for some of the sticks that are to be distributed by Nationals. Eddie St. Pers, who is organizing the game for Nationals, among the French schools, expects to have thirty teams playing the game in Montreal alone. He will likely have more work on the head of it that he had as president of the N.L.U. last season.—Montreal Witness.

West and Toronto  
Will West return to play with Toronto?—Is the question put to Manager Murphy almost every day during the past week. Billy, who has been out with Con Jones' Vancouver team, made such a good impression on the Vancouver management that they are very anxious to have him play in the West this season. Billy, in his last letter to the Toronto management, had not decided whether he would come East or not. Still the Toronto's have not given up hope of having him again.—Toronto News.

The Championship  
It looks like a fight for the championship between Montreal Nationals and Toronto's, with the odds slightly in favor of the Toronto's, says a Toronto fan.—Toronto News.

Kerr vs. Lukeman  
OTTAWA, May 13.—For the first time since the Olympic games held in London in 1908, "Bobby" Kerr, of Hamilton, and Frank Lukeman, of Montreal, will run in the same meet and against each other in the same race at the big athletic meeting to be held in Ottawa on May 24th, under the joint auspices of the O.A.A.C. and the University of Ottawa Athletic association. This meet will also be the first track event held under the new Quebec association of the A.A.C. of Canada. The clashing of these speedy 100 yard men, along with Watson and Cloughan in the 100 yard dash will prove a classy affair.

## OLD BANFF Whiskey

### THE SIGN OF THE SEVEN DEVILS

Not long ago, a noted physician wrote to a professional friend, saying: "I would rather see a patient with almost any other disease enter my consulting room, than one afflicted with the seven devils of Indigestion and Dyspepsia." That doctor knew what a sly, destructive disease indigestion is; how it poisons the blood, starves the nerves, takes the vitality out of man or woman when once it seizes on them. He did not seem to know that Mother Seigel's Syrup cures Indigestion. Yet we have testimony in writing from tens of thousands who have proved that it does cure. Read the statement of Mr. A. Lemieux, of Chambord, Lac St. Jean Co., P.Q. Mr. Lemieux says, January 9, 1910:—

"It gives me great pleasure to testify to the value of Mother Seigel's Syrup. It has restored me to health after suffering over three years from Indigestion or Dyspepsia. I had pains after meals, headaches, sleeplessness, bad breath, and a coated tongue. I had distressing pains in the back and lungs, as well as dizziness. I lost flesh and became very weak. My appetite naturally was very poor. I began to take Mother Seigel's Syrup last July, and the change for the better in my health was quickly apparent. A three month's course of the Syrup restored me to perfect health. I can now work with ease, and eat without distress."

Like thousands of other people, Mr. Lemieux proved that Mother Seigel's Syrup is the cure for Indigestion. It is a purely herbal preparation. It tones and strengthens the digestive system—helps the organs to do their natural work—prevents the formation of the poisons which taint the blood and which bring on headaches, constipation, dizziness, loss of sleep and appetite, and the other miseries that dyspeptics know so well.

The \$1 bottle contains 2½ times as much as the 50c size.

A. J. WHITE & CO., Ltd., Montreal.

**A Child's pride in "possession"** is a natural instinct which can be tactfully guided into useful directions—  
The pride of having "my very own" tin of

## Calvert's Tooth Powder

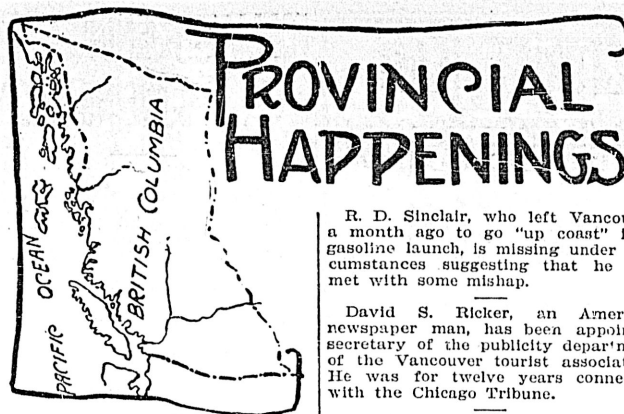

together with the pleasing flavour which distinguishes this well-known dentifrice, will induce a child to take care of the teeth at an age when the importance of this habit can hardly be appreciated.

Parents, however, know that the teeth need daily antiseptic cleansing, and will be ready to encourage the habit by providing, when the sample is done, a larger tin of Calvert's Carbolic Tooth Powder.

YOUR DRUGGIST SELLS IT. Tins, 15c, 30c, and 45c. Sprinkler-top glass jar, 35c.

FOR A TRIAL SAMPLE send 2c. stamp to F. C. Calvert & Co., 349, Dorchester St. West, Montreal.

Work is being actively prosecuted on the new Lillooet bridge.

The Summerland hotel has been granted fire, light and water.

A cyanide mill will be erected at the Indian Empire mine near Paulsen.

The Cosmopolitan hotel in Cranbrook is to be enlarged.

Another deposit of marble has been discovered near Kaslo.

Beef cattle are being shipped from Calgary to Princeton.

Kettle Falls has been connected with Marcus by telephone.

Kaslo may soon have a civic telephone system.

A. Johnson will open a hotel at Quesnel.

Victoria day will be celebrated at Kaslo.

A branch of the Salvation Army has been established at Hazelton.

Revelstoke's autumn fair will be held on September 6 and 7.

The prospects for a good fruit crop in the Okanagan are the best ever known.

P. Burns & Co., will build a cold storage plant at Prince Rupert this summer.

Kelowna would like to have the Canadian Pacific railway build a tourist hotel in that town.

Kaslo council has decided to improve the lake frontage and clean up Water street.

Rumors are current at Kaslo that the proposed concentrator for the Lucky Jim mine will be erected at that town.

Something is playing havoc with the deer on both Galliano Island and Valdez Island.

A Nanaimo fishing party on Tuesday captured upwards of 300 large crabs in less than four hours.

The Granby Smelter is now making copper at the rate of 30,000,000 lbs. per annum.

Construction on the G. T. P. telegraph line has begun at Prince Rupert.

The Kamloops opera house is offered for sale by tender, bids being receivable up to the 25th inst.

Kaslo council proposed to introduce a bylaw for the purpose of enabling them to borrow \$25,000 for sidewalks and other improvements.

Six camps have been located between Princeton and Tulameen, and construction work on the V. V. & E. between these points is in full swing.

Thomas Abriel has bought the Ymir Herald plant and will start a paper at Nakusp. It is sixteen years since a paper was published in that town.

A 6-horse power grader has been purchased by the Provincial authorities for use on the roads in the Creston district.

A townsite is to be located at the mouth of Blitter Creek, Portland Canal, and a hotel and three stores have been established there.

Of 136 applications for naturalization heard by Judge Young at Prince Rupert recently, only twenty were granted.

Indications of oil are so favorable on the Cariboo Hotel property near Quesnel, that experts have gone in to investigate.

It is announced by the B. C. E. R. Co., that the Lyan Valley tram line will be opened to the public tomorrow.

The first sod on the Capilano extension of the B. C. E. R. was turned on Wednesday by Local Manager Perry.

Drs. O'Brien and Ingham are now the official surgeons and physicians to the employees of the Western Fuel Co., Nanaimo.

Several properties on Bridge river are to be worked this season on a larger scale and prospects throughout the Lillooet district are exceptionally bright.

There is a consensus of opinion at Summerland that the electric light system of that town should be extended to meet the growing requirements of the district.

The Grand Forks Agricultural Association have decided to purchase the old Grand Forks driving park and utilize it as fair grounds. A three days' fair will possibly be held this fall.

The Ladysmith Citizen's League has requested the Dominion marine and fisheries department to raise the Race Point marine light at least eight or ten feet and strengthen the light.

The output of the Middlesboro collieries will be doubled in a short time. In April the Canadian Pacific railway alone consumed 10,000 tons from these mines.

The Wattsburg Lumber Co. of Kootenay, in order to establish a feeling of mutual interest among the employees, is to be reorganized on co-operative principles.

## PROVINCIAL HAPPENINGS

R. D. Sinclair, who left Vancouver a month ago to go "up coast" in a gasoline launch, is missing under circumstances suggesting that he has met with some mishap.

David S. Ricker, an American newspaper man, has been appointed secretary of the publicity department of the Vancouver tourist association. He was for twelve years connected with the Chicago Tribune.

"Suicide while temporarily insane" was the verdict of the coroner's jury in the case of Hugh McDermid, the new arrival from Australia, who died by his own hand at Burnaby last Saturday.

Fernie property-owners have passed loan bylaws aggregating \$72,000 to improve the waterworks, electric light and surface drainage services, provide a public school for Fernie Annex, and carry out general street improvements.

The West Kootenay district of the Methodist church were in annual session last week at Grand Forks. Reports showed the year to have been one of general progress, both financially and spiritually.

About seven gangs are hard at work repairing and making roads in the vicinity of Quesnel and Port George and other parties will soon leave on the construction of the new road, between Quesnel and Quesnel Forks.

Seyroy, the Vernon man who was to have been tried at Kamloops for a criminal assault, and who was out on bail, did not appear, and it is understood that he is now beyond the jurisdiction of the Canadian courts.

County Judge McInnes, at Vancouver, has handed down a decision that the city license commissioners have power to press by-laws regulating the closing of the hotel bars, such power being wholly vested in the council.

John Cloke, a resident at Ladysmith for the past three years, died this week at Chemainus hospital from injuries received in the Extension mine on Thursday, April 28, when he was caught by two runaway cars, receiving serious injuries about the legs and body. The deceased was 60 years of age, and is survived by a wife and grown-up family.

A verdict of guilty has been rendered in the Narcissus case at Kamloops. True bills were returned in the cases of Wylie, cattle stealing; McNoun, theft from the person; Smith and McPike, theft from the person; and Hinton, stealing. No bills were found in the cases of Clark and Cory, and Mrs. Hinton.

In an early morning accident on the B. C. E. R. at Vancouver Wednesday, Conductor Sanbrook and Line-man Wylie received injuries which necessitated their immediate removal to the hospital. The former's right leg was broken and the latter sustained a fractured left wrist, besides other injuries.

A coroner's jury has found that Herman Forsgren of North Bend met his death by accident. A rider to the verdict recommended that a bell be placed at all platforms where there are lunch counters, and that the conductor ring the bell before starting the train.

When David Kent, a Moyle carpenter, was returning from the East recently, he purchased an old violin from a young Scottish immigrant which proves to be a genuine Strad. He paid \$3.00 for the fiddle. The boy had purchased the instrument from an old woman in a pawn shop in Glasgow for a few shillings. On the train the boy was endeavoring to play a few selections when Kent asked to be allowed to inspect the instrument and to play a few tunes. This concession was granted him and looking through the hole he found the signature of Antonio Stradivarius and the date 1749.

Sold to Norwegians

Norwegian owners are still buying in British sail tonnage. Word has just been received from Liverpool that the steel bark Zinta, 1,525 tons register, of the port of Greenock, has been sold to Norwegian buyers for the sum of £23,100, subject to survey being passed, being at present bound for the Channel. Zinta, from Tacoma, whence she sailed on October 29th last. She was built in 1894, at Glasgow, by Messrs. C. Connell & Co., and owned at Greenock by the Zinta Ship Co., Ltd., of which Messrs. Lang & Fulton, Ltd., were managers. She was classed "100 A-1" on passing last survey at Shields in November, 1908. The steel bark Calluna, ex John Carswell, 1,309 tons register, also belonging to Greenock, and which arrived at Dunker in February last, after a passage of 122 days from Quebec, has been sold to Norwegian buyers for £23,300. She was launched in 1891 at Glasgow, where she was built by Messrs. C. Connell & Co., and her last owners were the Calluna Ship Co., Ltd., Messrs. Lang & Fulton, Ltd., managers. Surveyed at London in December, 1908, she was reclassified "100 A-1."

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The most wonderful sound-reproducing instrument of the cabinet type, combining the highest results of musical genius with a masterpiece of cabinet work—

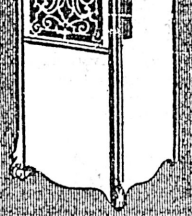

## The Amberola The newest Edison Phonograph

The Amberola is beautifully simple in outline, exquisitely designed and comes in either mahogany or oak, to harmonize with surroundings in any home. It has drawers in the lower part for holding 100 records.

It plays both

Edison Standard and Amberol Records

This is the Amberola's biggest advantage over all other instruments of the cabinet type—because Amberol Records play longer than any other Records made, rendering the best of all kinds of music as it is meant to be played, without hurrying or omitting important parts. But the Amberola gives you much of the best music that you cannot get in any other sound reproducing instrument of the cabinet type. The price is \$240. Other types of Edison Phonographs, \$16.50 to \$162.50.

Leo Slezak

now sings for the Edison

The greatest living lyric tenor, Leo Slezak, has made ten new Grand Opera Amberol Records for the Edison Phonograph. These Records include the great arias from Verdi's Otello, together with arias from other Italian Grand Operas. Slezak sings these Italian Grand Opera arias exclusively for the Edison Phonograph. Hear these new Slezak Records at your dealer's—and be sure to see and hear the Amberola. Edison Grand Opera Records, ..... 8c and 15c Edison Standard Records, ..... 40c Edison Amberol Records (play twice as long), ..... 65c

(Signature) JOHN SOUTHWELL.

Dated this 7th day of May, 1910.

## VICTORIA'S TEAM FOR TODAY'S GAME

Surplis Will Open in Pitcher's Box Against Pontiacs This Afternoon — Players Assigned Last Night

If J. Pluvius is in a good humor today baseball fans will be treated to the best local exhibition that has been presented for their delectation in some time. What the fans dread is the sign "game called wet grounds" But Manager Wattale and other members of the Victoria team are not borrowing trouble. They are confident that the cloud faucet will be turned off, allowing the Seattle Pontiacs to show what headway they can make against the natives. Last night the final drill of the home nine preliminary to the season's second engagement took place. There was a good attendance. The form of the various players was encouraging, but one incident occurred the effect of which will be felt today. "Brock" Robertson, the Victoria backstop smashed his finger, and will be unable to don the big mitt behind the plate. Fryberg will be found in that place again. He is fast and

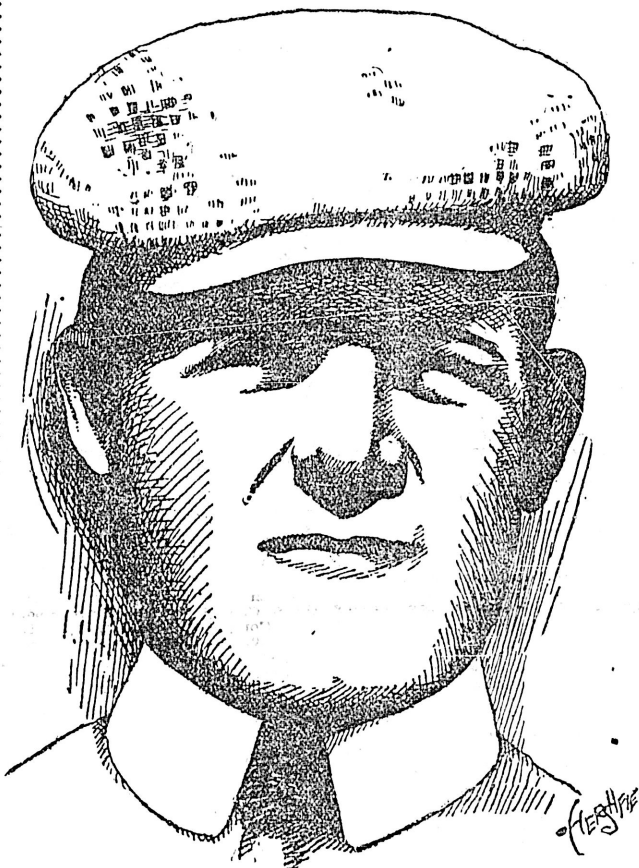

win the locals will have to hustle. George Burns, as usual, will handle the indicator. Here is the way the teams will take the field.

Gun Club Shoot  
Members of the Capital Gun Club will hold a shoot at the Willows traps this afternoon. It will begin at 2 o'clock and a large attendance is anticipated.

## "RUBES" FAIL TO SCALP THE WARDS

Cloverdale and North Ward Lacrosse Teams Play Three Goal Draw—McGregor Receives Ugly Wound

Last night's Cloverdale-North Ward test lacrosse match was a tough tus-

EDDIE SMITH, OF OAKLAND, CALIFORNIA, WHO BY HIS JUDGEMENT SHOWN IN THE NELSON-WOLGAST FIGHT, PUTS HIM IN THE LEAD FOR REFEREEING THE JEFFRIES-JOHNSON GO

urday. However there were many reliable. That was proved last Saturday when he wanted to see the old-time Victorian in action, to whom this announcement will be a disappointment.

With regard to the line up it was decided that Surplis should pitch three or four innings at the outside, later being superseded by Steenson. The arrangement is rather a peculiar one. The relief of one pitcher by another owing to the failure of the first is common, but the preconceiving of it is singular. However it is explained by the anxiety of Surplis, who has not yet developed endurance, while possessing all his pristine speed and resource to prepare for the next match with the Speldings. He doesn't want to overtax himself, and so Steenson, who is in tip top shape, will come into the box when wanted.

A similar deal has been effected in the disposition of the first base station. Ed. McQuade will make his debut there at the start. He will play the initial half and then will give place to McDiarmid. This has been agreed upon by those directly concerned on the advice of Capt. Surplis. It will give the fans the chance of comparing the respective merits of the two. This should be on their minds.

The team which Victoria meets, the Pontiacs, are no slouches. The material of which it is formed was explained in yesterday's Colonist. Such a combination as the best of the balance and of the original Pontiacs make one of the fastest amateur organizations of Washington. To

sic. The result was a draw, each scoring 3 goals, and the going was fast right through, and at times, it must be admitted, savored just a little of roughness.

"Bob" Dewar, who refereed, had started the wheels moving, but a few minutes before Sweeney (Leo) found the goal for the "rubes." The speedy exhibition of passing, which brought about this result, was anything but like what is termed "hayseed" awkwardness. And the game had proceeded a brief space when Brynjolfsen (North Ward) and Young, Cloverdale, lost their tempers. Young tripped Bry and the Bry rushed back using his body, but failing to overturn the Cloverdale lad. Referee Dewar caught sight of these peccadilloes, and ordered the two to the fence.

Each Get One  
As the first quarter ended with the Wards and their supporters rather tragic looking, the enemy still being one goal to the good, the opening of the second was closely followed, and was marked by hard pressing by the blue and white arrayed lads. One of these attacks took effect. Pettierew finding a weak point and putting the rubber into the net. It was even and, judging by the style and confidence of the Wards at this time, it was thought that it would remain so. The greater, therefore, was the surprise when Carss, one of the outstanding players on Cloverdale's twelve, landed for the second time and again put his team in the lead. For some time before the Wards had struggled about Lorimer (S.), Julian, and Redgrave only to find that defence too strong. The Cloverdales made their point in one short but vigorously directed rush.

Wards Sore  
Naturally the Wards were sore. They had reason to be. Their stick work was smarter, Humber, Sargison, Pettierew and Dakers being hard to beat. Morris, too, was good, but just a little slow, while Sweeney (P.) and Johnson, the guardsmen, did nobly. On the whole they were working better together than the "farmers," and were entitled to feel a little aggrieved. So they piled into the Cloverdale quarters. They worried the burly Samuel Lorimer, they shot and shot again, and still the suburbanites couldn't get away. The attack concluded with an accident. Julian, one of Cloverdale's defence, struck McGregor, North Ward inside home, over the head. He was carried off the field with a badly damaged scalp. McDougall took his place.

When the game re-opened the

## "A MIRACULOUS REMEDY"

Lady in Hull wasted away until she weighed only 80 pounds

## Took "Fruit-a-Tives" Just in Time

This wonderful Fruit Medicine Completely Cured Her after 12 years suffering

184 CHAUDIERE ST., HULL, QUE.—DECEMBER 24th, 1909.

"For the past twelve years, I had painful attacks of Dyspepsia. Finally in March, 1908, I suffered such tortures that I was compelled to stay in bed. I could not digest my food and everything I ate caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks. My feet were constantly cold. Three doctors attended me for two years and gave me all kinds of medicines but did me no good. My weight came down to only 80 pounds and every one thought I was going to die. Finally I had the good fortune to buy "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy and to the astonishment of my friends, I improved. Now I feel very well, weigh 115 pounds and this is more than I ever weighed, even before my illness. I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much, for they saved my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as being a miraculous remedy."

MADAME ANDREW STAFFORD.

MADAME ANDREW STAFFORD

When you read such a letter, you think that "Fruit-a-tives" is indeed a wonderful remedy, yet the action of "Fruit-a-tives" is so simple that a child can understand it. "Fruit-a-tives" is made from concentrated and intensified fruit juice and the finest nerve tonics, and acts directly on the liver, causing sufficient bile to flow, which regulates the bowels and cures Constipation. "Fruit-a-tives" also acts on the stomach, producing an abundance of gastric juice and so strengthens the stomach muscles that complete digestion is assured. "Fruit-a-tives" also regulates kidneys and skin, thus purifying the blood and building up the whole system. Without exaggeration, it may be stated that "Fruit-a-tives" is the greatest remedy in the world for Indigestion, Dyspepsia and Constipation. 50c a box, 6 boxes for \$2.50, or trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## Sovereign Brand Rain Coats

HAMILTON

WINNIPEG

Wards again took the aggressive. The ball was taken into the Cloverdale camp and, so quickly that the ball's progress couldn't be followed by all, Pete Morris failed. Now they were again on an even basis.

About this time the play was fiercer than ever. The lads in blue were working earnestly and well. Leo Sweeney, Hancock, Young and Carss led several hot rushes on the Ward's goal, but all to no purpose. In the rallies on the "rubes" headquarters Sargison, Pettierew, Humber and Kroeger were noticed. The two first were especially strong, and it wasn't a surprise when Pettierew managed to make the third, and the point that put the Wards in the lead.

Most thought the game was won, but those "farmers" never gave up. They were one behind, and they set out to make the odd and, doubtless, they had chest enough to think of another as well. While Lorimer, Julian and Redgrave looked after the goal the others went after the Ward's. The result was one rush down field that was easily the finest bit of work of the evening. The ball went from stick to stick with mechanical precision—in fact it was like taking candy from a child until it came to scoring, and then, well, it was a different story. But later on the Wards allowed Leo Sweeney to get too close and he converted.

"Bob" Dewar made a satisfactory referee.

Selection Committee Choses Two Teams to Play Before Naming Victoria's Representatives in B. C. Games

That there will have to be another game before a representative lacrosse team can be chosen to play Vancouver on May 24th, is the decision reached by Messrs. Okell, Lorimer and Lowe, who were appointed a selection committee.

After last night's match between North Ward and Cloverdale, these men named the following twelve to play tomorrow morning:  
"A" team—Campbell, Clegg, Styles, McLaughlin, Okell, Redgrave (L.), Sweeney, Pettierew, Carss, Sargison, McDougall, McGregor.  
"B" team—Johnson, Sweeney, Dakers (J.), Julian, "Doc" Noel, Brynjolfsen, Humber, Campbell (A.), Harris, Young, Kroeger, McDonald.

# VICTORIA REAL ESTATE

## This House and Four Lots

Third Cash, Balance to Suit

The price of this very pretty home of 9 rooms, including 4 lots, is **\$9,000**. If you are looking for both an investment and a home, then this is certainly the place you're looking for. 'Tis opposite the proposed High School site and is modern in every respect. Cement walk in front of the house, good brick foundation. View is charmingly rural. Nice garden and some choice fruit trees.

There are many good buys in the city, but this particular property is one of the best.

## HOME'S

### B.C. LAND & INVESTMENT AGENCY

## NEW STEAMSHIP LINE INAUGURATED

Service to be Given Between Vancouver by Way of the Islands of the Gulf Archipelago.

A steamship service between Vancouver, B.C., San Juan Island and Seattle is being arranged. Two steamers will alternate between Vancouver and the Sound, by way of the Gulf Islands and Bellingham. Hind Rolph & Co., who have been operating the steamer Morning Star between Seattle and Vancouver, will augment the fleet by the addition of the steamer Burton, owned by the Kitsap County Transportation Co., and another vessel which has not been named yet, the Morning Star and the unnamed craft plying between Seattle and Vancouver, and connecting with the Burton at Roche harbor, in the San Juan Islands, the Burton running to Bellingham by way of San Juan Island ports.

The San Juan Island ports have long been agitating for a better boat service, but heretofore have been unable to get it owing to the fact that cheaply operated gasoline launches are strong competitors of the steamers. In the summer, when business is good, leaving the steamers the comparatively non-productive trade of the winter season.

The agitation, aided by the influence of Bellingham business interests, secured a promise from the federal government of a mail contract amounting to about \$12,000 a month, and on top of this John S. McMillan, the Roche harbor line manufacturer, who is about the only big shipper in the islands, has guaranteed at least \$20,000 worth of freight a year.

The Burton will look after the mail end of the business, and the other two steamers will handle the bulky freight, alternating on the run between Seattle and the Canadian port by way of the islands. H. C. Bradford, traffic manager for Hind, Rolph & Co., left for Vancouver last evening to perfect arrangements for the new service.

## Many Salvage Awards

The salvage awards during the last quarter in the British courts numbered 17 and the total amount awarded was £44,747, which compares with £12,230 at the same sittings in 1909, and £25,615 in 1908. The chief feature of the present list is the award of £15,532 to 15 tugs engaged in refloating the German steamer Salatia, which stranded at Jury's Gap, between Rye and Dungeness, in December last, while bound from South American ports to Hamburg, via Havre. She had a cargo of nitrate, which with the ship herself, made a value of £126,936. The stranding of

the Glenesk at Milzen Head, in December, and the services of five tugs in refloating her (after a second stranding), resulted in an award of £3,440. An award of £10,000 was made to the Dutch steamer Ambon, which in December last fell in with the British steamer Port Hunter which, while on a voyage from Adelaide to London, lost the nut and key of her propeller, and was towed to Suez. The value of the Port Hunter was £269,705. Eight other awards, each of £1,000 or over, are given in the list.

## We Offer Small Investors Vancouver Inside Property

Mr. Conservative Investor, you who never take a long chance, you who cannot afford to gamble in stocks, real estate or anything else where there is a chance of losing your money, and yet who are not quite satisfied with the usual 6 or 8 per cent. paid by the usual gilt edged securities, you are the man for whom this ad is written.

If you can buy an interest in a property for \$1,000—collect \$300 annual revenue, and then find that your property has grown in value to \$3,000—that's making money pretty fast, isn't it?

Do you know, there are up-to-date buildings in this city which are paying their first cost back every three years? Yes, and the owners are men who never take a chance either.

But the average investor cannot take advantage of the opportunities to invest in such property—timid outlay is too great—except on one system—co-operation—business units—our system.

Listen: The Pacific Investment Corporation, Ltd., own the very finest Apartment House site in this great city—double corner of Davie and Jervis streets—cost them \$25,000 three months ago—is worth \$35,000 today—but it's not for sale.

They are erecting thereon the very finest and most up-to-date apartment building in western Canada—bar none, mind you—and on the Business Unit System—true co-operation—estimated cost for building and land \$135,000. Plans and specifications for this beautiful building are finished—cut appeared in the Province the other day—and work has started. The building will be rushed to completion this year.

The company has authorized us to place on the market 750 business units—\$100 each—\$25 cash balance in 2, 4, and 6 months, without interest—and the last few weeks has seen about six hundred of them taken up by some of the shrewdest investors in the city.

Briefly: Total estimated costs..... \$135,000 00  
Less loan now provided for..... 60,000 00

Cash capital required..... 75,000 00

Gross revenue, estimated..... 36,720 00

Less interest, taxes, etc..... 14,220 00

Available for annual revenue at 10 per cent..... 22,500 00

If you figure your money as worth 10 per cent, these units will be worth at least \$200 in one year; if your money is worth only 6 per cent they ought to be worth \$500. Naturally they are being taken up very rapidly. Write at once for further information.

**Wolverton & Co., Ltd.**

704 Dominion Trust Building

Vancouver, B.C.

## Commercial Orchard FOR SALE

16 acres, more than half in fruit, large proportion full bearing, best commercial varieties; trees clean and healthy; quantity of small fruit. Well built, comfortable 7 roomed Cottage, water to the house. Good barn and other outbuildings.

## Job Printing

Lithographing  
Bookbinding  
Photo Engraving  
Copperplate Printing  
Embossing  
Label Printing and  
Varnishing

Work done by us in any of the above departments cannot be excelled throughout Canada. Our aim is to do only first-class work at reasonable prices. In fact we will not turn out a poor job. Our object is to retain our customers with the quality of our work and the very reasonable prices.

We carry by far the largest and most complete stock of Flat Papers and Envelopes in British Columbia, and are always prepared to execute anything in our line, whether it be a Visiting Card or Commercial Work of any kind, printed or lithographed; Pamphlets, large or small Labels, plain, colored or varnished; Ruling, Punching, Binding Law Books, Blank Books, large or small; also making cuts or designs, such as Line Drawings, Zinc or Copper Half-tones. Lithograph Maps equal to any that can be got from the Eastern cities.

We are sole agents for the Tengwell Loose-Leaf Files and Binders, also the celebrated Majestic Loose-Leaf Ledger, the best on the market.

If merchants and others that have been getting their supplies from the East would give us a chance to compete before sending their orders away, they will find the work can be done better at home and at the same price in equal quantities.

## COMMERCIAL AND FINANCIAL

### SHARP ACTION IN MAY WHEAT

Selling Which Developed at Chicago Yesterday Was Encouraged by Forecasts of Little Rain

CHICAGO, May 13.—There was some sharp action in May wheat but it really had very little to do with the other months. The selling that developed was encouraged somewhat by the forecast of little rain northwest and west. This, to some extent, offset the clear, cold weather over the spring wheat country which was the bull feature at the opening. On the break the recognized bull leaders in September wheat became buyers on a liberal scale and kept adding to their holdings from that time until the price for the day were reached a little before the close. There is some talk of increased movement to the northwest markets. St. Louis reported considerable wheat left over unsold, but prices held steady. The market closed with local shorts generally forced to cover and some indications of an overbought trade among those who are bullish. We think any further swell in these new crop months will look inviting and prove profitable to quick sellers.

Corn.—It was about a standoff in July for the day, with heaviness and lower prices for May and September. Receipts continue to run small. Prospect of better weather for planting season and the natural belief that the country will sell more corn in the near future are the bullish features. Sales of corn for the deferred months on the hard spots will probably show early profits.

## Let These Prices in Men's Clothing Convince You of the Real Saving That Awaits You at This Store.

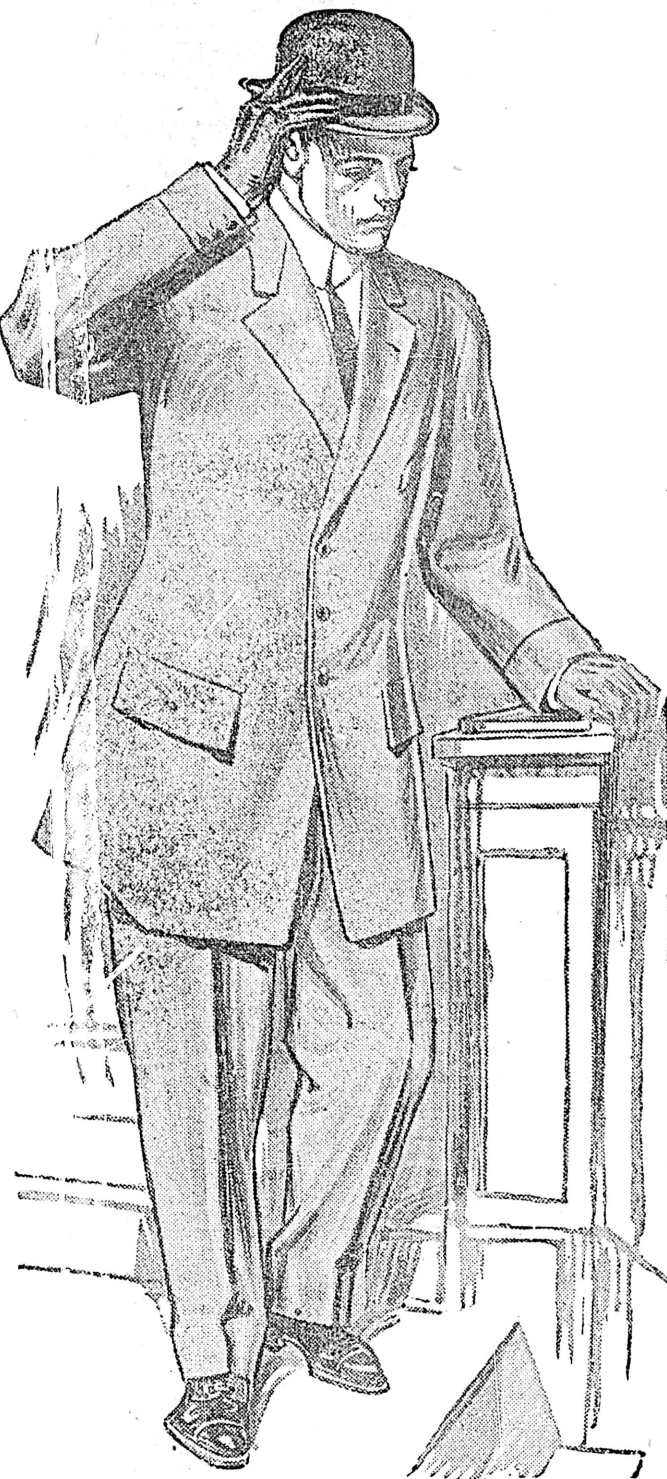

Specially Priced for Today's Selling at \$17.75

The sum of \$17.75 expended on a good suit at Spencer's is the best investment a man can make. With it you are getting a suit entirely different; you are getting a suit that has snap, individuality, distinctiveness in tailoring and finish; a suit that looks the part it is designed for; one that will keep its shape and give all kinds of wear and satisfaction to the wearer. In speaking of our Men's Clothing Department, we might say that the stock to be found therein is not only the largest, but is also the best assorted to be found hereabouts. Especially noteworthy this year is the splendid showing of high grade clothing. These embrace ideas that will appeal to the most discriminating or fastidious dresser. But if your means is at all limited, you will find that today's offering at \$17.75 will greatly interest you. We don't have to quote comparative figures in this instance, because we know that a peep at these suits will convince you, inasmuch that you will buy.

## There Is Plenty Room for an Overcoat Yet. Let Us Show You Our Range of Good, Serviceable Ones at \$10, Upwards

Most pronounced is a term which can be correctly used in describing the styles this season in Men's Overcoats. Smart and snappy to a degree, yet far away from extreme fads. They are simpler, more conservative, built along graceful lines, so as to fit and hang well. Cost in the first place is a small consideration compared with the service you'll receive out of one of these coats. While we carry a stock of Men's Toppers and full length Overcoats at all prices, we would consider it a favor if you allow us to show you our line at.....\$10

### Splendid Showing of the Famous "Gage" Millinery to Be Seen Here, Priced from \$10.00, Upwards

Gage Millinery is world-famed for its distinctiveness. We have just opened up a large shipment which only reached us yesterday, and exquisite creations they are, too. There is an exclusiveness and touch of individuality about Gage Millinery that is really hard to describe. This year, the efforts of this famous maker seem to have out-classed any hats heretofore shown. They are in all shapes, to suit all faces, with trimmings so characteristic of Gage design as to place them far in advance of any others shown.

### New Embroideries and Flouncings

A pretty piece of Embroidery or Flouncing always comes in handy. Our showing, which is suitable for white dresses, is a most extensive one. A specially fine line is that shown at 60¢, 65¢ and 75¢ per yard in widths of 27 inches. There is also a fine assortment 42 inches wide at \$1.00 up to .....\$2.00

### Economic Mothers Are Daily Realizing What the Spencer Store Can Do for Them in the Matter of Boys' Clothing

During the past spell of fine weather our assistants in the section devoted to the wants of the little man have been kept extremely busy. This continued stream of customers is attributed to the fact that we can offer a better assortment and better value. In purchasing Boys' Clothing these are two important factors to be considered. We exert every effort to see that only clothes that will withstand the steady strain of boyhood days, for naturally, as the old proverb is, "Boys must be boys"—they must jump around, otherwise your doctor bill would be greater. The best way to save this and add to the little fellow's appearance, is good clothes. These we can give to you at a price that is right.

### New Neckwear

Every novelty in Neckwear that comes out is to be found right here. "The latest" is the Fancy Battenburg Lace Neckwear. These we have in dainty Jabots and Dutch Collars, and the prices are really very attractive.
